The Board of Directors of ABL Asset Management Company Limited, the management company of ABL Financial Sector Fund (ABL- FSF), is pleased to present the Financial Statements (audited) of ABL Financial Sector Fund for the year ended June 30, 2024.

ECONOMIC PERFORMANCE REVIEW

Financial Year 2024 (FY24) for Pakistan witnessed a mix of challenges and improvements across key economic indicators, shaped by domestic policy measures, global economic dynamics, and ongoing reforms. It marked a pivotal period for Pakistan's economic landscape as the distressed economy came out of hot waters with the signing of a USD 3 billion Standby Arrangement with the IMF.

The financial year began with elevated inflationary pressures but gradually saw a decline in headline inflation. The Consumer Price Index (CPI) averaged 23.4% for the year, marking a significant decrease from 29.1% recorded in FY23. This disinflationary trend was primarily driven by a high base effect from previous years' high inflation rates and sporadic deflationary episodes observed during the year.

The State Bank of Pakistan (SBP) played a pivotal role in managing inflation and stimulating economic activity. In June 2024, the SBP's Monetary Policy Committee (MPC) opted to reduce the policy rate by 150 basis points to 20.5% after maintaining status quo for approximately one year since Jun 23, 2023. This decision was aimed at supporting economic growth as real-interest rates turned positive, signaling a shift towards accommodating monetary policies.

The balance of payments scenario in FY24 reflected a mix of challenges and improvements. After experiencing deficits earlier in the year, the country achieved three consecutive months of current account surpluses in the second half of the year. However, the cumulative deficit for 11 months stood at USD 464 million, largely influenced by increased import expenditures. Robust inflows from workers' remittances played a crucial role in stabilizing the external account, which stand at around 27 billion.

On the fiscal front, the Federal Board of Revenue (FBR) demonstrated resilience with strong tax revenue collections amounting to PKR 9,311 billion in FY24. This performance underscored the government's efforts to strengthen fiscal discipline amidst economic uncertainties and ongoing structural reforms.

Looking ahead, Pakistan anticipates continued economic stabilization efforts in FY25. The Federal Budget FY25, presented in June 2024, introduced strategic measures aimed at addressing economic challenges and preparing for potentially the largest IMF program in the country's history. With expectations of further monetary policy adjustments and ongoing negotiations with international financial institutions, the outlook remains cautiously optimistic.

MONEY MARKET REVIEW CONVENTIONAL

In FY24, Pakistan's Consumer Price Index (CPI) clocked in at an average 23.4% year-on-year (YoY), compared to an increase of 29.1% in the same period last year. The main sectors contributing to the inflation were food & transportation and housing sector.

In the period FY24 the State Bank of Pakistan kept policy rate at 22% for many months however, in the last Monetary Policy Committee (MPC) meeting held on 10th June the Committee decided to cut the interest rate by 150bps from 22% to 20.5%.

The decline in general and core inflation rates and real interest rates turning positive present a compelling argument for the central bank to consider revising its discount rate, which has remained at a record high of 22 percent for the last many months. Moreover, the SBP's reserves stand at USD 9.41 billion, as of July 05, 2024.

In FY24, T-bill cut off yields decreased by 244bps across different tenors. 3M cut off yield decreased by 185bps from 22.00% to 20.15%, 6M cut off yield decreased by 201bps from 21.97% to 19.96% and 12M cut off yield decreased by 346bps from 22.00% to 18.54%. During FY24, government ended up borrowing a total of PKR 24,180bn across 3M, 6M and 12M tenors.

Fixed rate PIB auction held during the period saw reasonable participation in 3Y, 5Y and 10Y tenors and PKR 3571bn was raised. 3Y bonds cut off decreased by 275bps and came at around 16.60%. No participation was seen in 15Y, 20Y and 30Y PIBs in the period under consideration.

MUTUAL FUND INDUSTRY REVIEW

During fiscal year 2024, the open-end mutual funds industry experienced a significant growth, with assets under management (AUM) rising by 65.5% (YoY) from PKR 1614bn to PKR 2671bn. The major inflows were observed in the money market, including conventional and Islamic, which grew by 45%(YoY), ending the fiscal year with balance of PKR 1327bn. Meanwhile, equity market funds, including both conventional and Islamic, also posted a 61% (YoY) growth. The elevated policy rates led to higher yields on T-bills and Pakistan Investment Bonds, contributing to the industry's growth. However, Shariah Complaint Fund of Funds and aggressive income fund witnessed a decline of 75% (YoY) and 2% respectively.

FUND PERFORMANCE

For the year ended FY24, ABL Financial Sector Plan - I posted a return of 23.49% against the benchmark return of 21.78%, outperforming the benchmark by 171 bps. Net assets stood at PKR 13,404.93 million as at June 30, 2024. The fund had 19.16% exposure in PIBs, 3.18% in T bills and 67.91% in Cash at the end of FY24.

CORPORATE GOVERNANCE

The Company strongly believes in following the highest standard of Corporate Governance, ethics, and good business practices. The code of the conduct of the Company defines the obligation and responsibilities of all the Board members, the employees and the Company toward the various stakeholders, each other and the society as a whole. AUDITORS

The present auditors, M/s. A.F. Ferguson & Co. (Chartered Accountants) have retired and being eligible, offered themselves for reappointment for the financial year ending June 30, 2025.

FUND STABILITY RATING

On April 22, 2024: The Pakistan Credit Rating Agency Limited (PACRA) has assigned the Fund Stability Rating (FSR) for ABL Financial Sector Fund (ABL FSF) at 'A+ (f)'.

MANAGEMENT QUALITY RATING

On October 26, 2023: The Pakistan Credit Rating Agency Limited (PACRA) has assigned the Management Quality Rating (MQR) of ABL Asset Management Company (ABL AMC) at 'AM1' (AM-One). Outlook on the assigned rating is 'Stable'.

OUTLOOK & STRATEGY

In June 2024, the SBP's Monetary Policy Committee (MPC) opted to reduce the policy rate by 150 basis points to 20.5% after maintaining status quo for approximately one year. The yields for both shorter tenor and longer tenor instruments have already dropped significantly from last year. The Consumer Price Index (CPI) witnessed a drastic plunge to a 30-month low of 11.8%YoY in May 2024. With this significant drop in the CPI, the real interest rates have already turned positive and market participants expect more rate cuts in the near future.

We expect that the new government will be able to negotiate a long-term arrangement with the IMF which would give more stability to the rupee and open up the Eurobond market and funding from other multilateral agencies like World Bank, ADB, ISDB etc.

^{**} Appointed w.e.f. April 7, 2024.

^{**} Appointed w.e.f. April 7, 2024.

The inversion in the yield curve has already sharpened. Yield curve at the shorter end has pretty much flattened with the 3M, 6M and 12M T-bills, carrying a negative spread of around 100bps from the current policy rate of 20.5%. On the longer end of the yield curve, the spread from the policy rate of 5yrs is almost around 500bps.

Going forward, we intend to increase the duration of our portfolios. However, as the nature of the fund is short term, majority of the investment will remain in bank deposits and short term TDRs.

ACKNOWLEDGEMENT

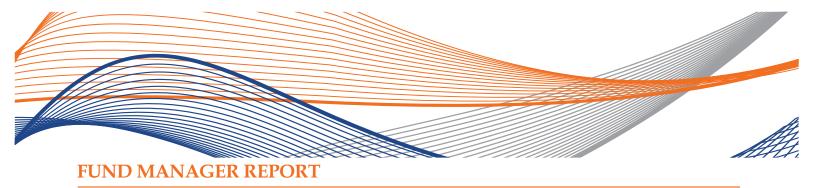

The Board of Directors of the Management Committee thanks the Securities & Exchange Commission of Pakistan for their valuable support, assistance and guidance. The Board also thanks the employee of the Management Company and the Trustee, for their dedication and hard work, and the unit holders, for their confidence in the management company.

INDEPENDENT AUDITOR'S REPORT

To the Unit Holders of ABL Financial Sector Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of ABL Financial Sector Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2024, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the period from August 1, 2023 to June 30, 2024, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2024, and of its financial performance and its cash flows for the period from August 1, 2023 to June 30, 2024 in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S.No.	Key Audit Matter	How the matter was addressed in our audit		
1	Net Asset Value (Refer notes 4 and 5 to the financial statements)	ents)		
	Investments and balances with banks constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2024 amounted to Rs. 4,021.73 million and balances with banks aggregated to Rs. 9,214.99 million. The existence and proper valuation of investments and existence of balances with banks for the determination of NAV of the Fund as at June 30, 2024 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: • obtained independent confirmations for verifying the existence of the investment portfolio and balances with banks as at June 30, 2024 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; • re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and • obtained bank reconciliation statements and tested reconciling items on a sample basis.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of Directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
 or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that
 is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
 misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
 collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

A·F·FERGUSON&CO.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the
 disclosures, and whether the financial statements represent the underlying transactions and events in
 a manner that achieves fair presentation.

We communicate with Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Board of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Noman Abbas Sheikh.

ABL FINANCIAL SECTOR FUND NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS AS AT JUNE 30, 2024

1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 ABL Financial Sector Fund (the Fund) is an open ended mutual fund constituted under a Trust Deed entered into on March 22, 2023 between ABL Asset Management Company Limited as the Management Company and the Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Securities and Exchange Commission of Pakistan (SECP) authorised constitution of the Trust Deed vide letter no. SCD/AMCW/AFSIF/2022/172 dated December 28, 2022 in accordance with the requirements of the Non-Banking Finance Companies and Notified Entities Regulation, 2008. The Fund has been registered as a trust under the Punjab Trusts (Amendment) Act, 2022, on March 22, 2023

The Management Company of the Fund has been licensed to act as an Asset Management Company under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) through a certificate of registration issued by the SECP. The registered office of the Management Company is situated at Plot No. 14, Main Boulevard, DHA Phase 6, Lahore. The Management Company is a member of the Mutual Funds Association of Pakistan (MUFAP).

- 1.2 The Fund has been categorised as an open ended "Income Scheme" by the Board of Directors of the Management Company pursuant to the provisions contained in Circular 7 of 2009 and is listed on Pakistan Stock Exchange (PSX) Limited. The units of the Fund were initially offered for public subscription at a par value of Rs. 10 per unit from July 27, 2023 to July 31, 2023. Thereafter, the units are being offered for public subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.
- 1.3 The objective of the Fund is to provide income enhancement and competitive returns by investing in high / prime quality financial sector Term Finance Certificates / Sukuks, spread transactions, bank deposits and money market instruments as per investment policy of the respective Allocation Plan defined in Offering Document.
- 1.4 Pakistan Credit Rating Agency (PACRA) has assigned the management quality rating of AM1 (stable outlook) to the Management Company as at October 26, 2023. Furthermore, it has assigned the stability rating of the Fund at 'A+(f)' dated April 22, 2024.
- 1.5 The title to the assets of the Fund are held in the name of the Central Depository Company of Pakistan Limited as the Trustee of the Fund.
- 1.6 As per the offering document approved by the SECP, the accounting period, in case of the first such period, shall commence from the date on which the trust property is first paid or transferred to the Trustee. Accordingly, these financial statements have been prepared from August 1, 2023 to June 30, 2024.
- 1.7 This is the first accounting period of the Fund and hence there are no comparative figures presented in these financial statements.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Accounting Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the requirements of IFRS Accounting Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

The new standard - IFRS 18 Presentation and Disclosure in Financial Statements (published in April 2024) with applicability date of January 1, 2027 by IASB. IFRS 18 has not yet been adopted in Pakistan. IFRS 18 when adopted and applicable shall impact the presentation of 'Income Statement' with certain additional disclosures in the financial statements; and

Amendments to IFRS 9 'Financial Instruments' which clarify the date of recognition and derecognition of a financial asset or financial liability including settlement of liabilities through banking instruments and channels including electronic transfers. The amendment when applied may impact the timing of recognition and derecognition of financial liabilities.

There are certain new standards and amendments to the published accounting and reporting standards that will be applicable to the Fund for its annual periods beginning on or after July 1, 2024. However, these are not considered to be relevant or did not have any material effect on the Fund's financial statements.

2.3 Critical accounting estimates and judgments

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgment, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgments and associated assumptions are based on historical experience and various other factors, including expectation of future events, that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying value of assets and liabilities. The estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both the current and future years.

The estimates and judgments that have a significant effect on these financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 3.2 and 5).

2.4 Accounting convention

These financial statements have been prepared under the historical cost convention except for certain investments which have been classified as 'at fair value through profit or loss' and which are measured at fair value.

2.5 Functional and presentation currency

Items included in these financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupees, which is the Fund's functional and presentation currency.

3 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these financial statements are set out below.

3.1 Cash and cash equivalents

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

3.2 Financial assets

3.2.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

3.2.2 Classification and subsequent measurement

3.2.2.1 Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- at amortised cost
- at fair value through other comprehensive income (FVOCI); or
- at fair value through profit or loss (FVPL)

based on the business model of the entity.

However, IFRS 9 requires securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognised at FVPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVPL.

3.2.3 Impairment

The Fund assesses on a forward looking basis the expected credit losses (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The Fund considers that a financial asset is in default when the counterparty fails to make contractual payments within 90 days of when they fall due. Further, financial assets are written off by the Fund, in whole or part, when it has exhausted all practical recovery efforts and has concluded that there is no reasonable expectation of recovery.

3.2.4 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on the management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, considering the specific credit and financial condition of the debt security issuer and in accordance with the provisioning policy duly approved by the Board of Directors of the Management Company.

3.2.5 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.2.6 Subsequent measurement

a) At amortised cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest (SPPI), and that are not designated at FVPL, are subsequently measured at amortised cost.

b) Fair value through other comprehensive income (FVOCI):

Financial assets that are held for collection of contractual cash flows and for selling the assets, where the assets' cash flows represent solely payments of principal and interest, and that are not designated at FVPL, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through other comprehensive income, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses on the instrument's amortised cost which are recognised in the income statement. When the financial asset is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to the Income Statement.

c) Fair value through profit or loss (FVPL):

Assets that do not meet the criteria for classification at amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in the income statement in the period in which it arises.

3.2.7 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss arising on derecognition of financial assets is taken to the Income Statement.

3.3 Financial liabilities

3.3.1 Classification and subsequent measurement

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value and subsequently stated at amortised cost.

3.3.2 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss arising on derecognition of financial liabilities is taken to the Income Statement.

3.4 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.5 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

3.6 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the period end.

3.7 Issuance and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the application received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption application during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

3.8 Distribution to unit holders

Distribution to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distributions for the period also include portion of income already paid on units redeemed during the period.

Distributions declared subsequent to the period end reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.9 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between Net Asset Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.10 Revenue recognition

- Realised gains / (losses) arising on sale of investments are included in the Income Statement and recognised when the transaction takes place:
- Income from investments in term finance certificates / sukuk certificates and government securities is recognised on a time proportionate basis using the effective yield method;
- Unrealised appreciation / (diminution) arising on re-measurement of investments classified as financial assets 'at fair value through profit or loss' are included in the income statement in the year, in which these arise; and
- Interest income on bank balances, term deposits receipts and letter of placements is recognised on an accrual basis.

3.11 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and fee to the SECP are recognised in the Income Statement on an accrual basis.

3.12 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the period, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders in cash.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

3.13 Earnings per unit

Earnings per unit is calculated by dividing the net income for the year after taxation of the Fund by the weighted average number of units outstanding during the period.

Earnings per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

8.1 As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, withholding tax on dividend and profit on bank deposits paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter Circular no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated May 12, 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholdee. The tax withheld on dividends and debt on bank deposit amounts to Rs. 8.389 million.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of the FBR. A petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other asset management companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgment of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund on bank deposits, letter of placements and term deposits has been shown as other receivable as at June 30, 2024 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

16 TOTAL EXPENSE RATIO

The total expense ratio (TER) of the Fund for the period from August 1, 2023 to June 30, 2024 is 1.27% which includes 0.22% representing government levies on the Fund such as Sales Taxes, fee to the SECP, etc. This ratio is within the maximum limit of 2.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as "Income Scheme".

17 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the period as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the period derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the Management Company has distributed the required minimum percentage of income earned by the Fund for the period ended June 30, 2024 to the unit holders in a manner as explained above, no provision for taxation has been made in these financial statements during the period.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

20 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

---June 30, 2024

20.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee and regulations laid down by SECP.

Market risk comprises of three types of risks: yield / interest rate risk, currency risk and price risk.

(i) Yield / interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market / yield interest rates. As of June 30, 2024, the Fund is exposed to such risk on its balances held with banks, investments in government securities and term deposit receipts. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds balances with banks, investment in Pakistan investment bonds and market treasury bills which expose the Fund to cash flow interest rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income for the period and net assets of the Fund would have been higher / lower by Rs. 118.062 million.

Interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet financial instruments is based on settlement date.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2024.

(ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. At present, the fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Price risk

Price risk is the risk that the fair value or /profit cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. As at June 30, 2024 the fund is not exposed to the price risk.

20.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily cash redemptions at the option of unit holders The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations the Fund can borrow in the short-term to ensure settlement, the maximum limit of which is fifteen percent of the net assets up to 90 days and would be secured by the assets of the Fund. However, the fund has not borrowed any sum during the period ended June 30, 2024.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the period.

The table below indicates the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

20.3 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

Balances with banks

The maximum exposure to credit risk before any credit enhancement as at June 30, 2024 is the carrying amount of financial assets.

20.3.1 Credit quality of financial assets

The Fund's significant credit risk arises mainly on account of its placements in banks, term deposit receipts and profit accrued thereon. The credit rating profile of balances held with banks, term deposit receipts and its accrued profit is as follows:

	assets
	June 30,
Balances with banks and profit accrued thereon	2024
AAA	0.31%
A+	68.69%
A	0.22%
Term deposit receipts and profit accrued thereon	
A	7.40%
	76.62%

20.3.2 Concentration of credit risk

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. As transactions are entered with credit worthy parties and are within the regulatory limits, therefore any significant concentration of credit risk is mitigated.

All financial assets of the Fund as at June 30, 2024 are unsecured and are not impaired.

21 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the reporting date. The estimated fair values of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2024 the Fund held the following financial instruments measured at fair value:

22 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, 2008, every open ended scheme shall maintain fund size (i.e. net assets of the Fund) of Rs. 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

In accordance with the risk management policies as stated in note 20, the Fund endeavors to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

آؤٺ لک اور اسٹریٹیجی

جون 2024 میں، SBP کی مانیٹری پالیسی سمیٹی (MPC) نے تقریباً ایک سال تک جمود کوبر قرار رکھنے کے بعد پالیسی کی شرح کو 150 میسس پوائنٹس سے 20.5 فیصد تک کم کرنے کا انتخاب کیا۔ مختصر مدت اور طویل مدتی آلات دونوں کی پیداوار پچھلے سال سے پہلے ہی نمایاں طور پر گر پچگ ہے۔ کنزیو مر پرائس انڈیکس (سی پی آئی) نے مئی 2024 میں 30 ماہ کی کم ترین سطح 11.8 × ۲۵۲ پر گراوٹ کامشاہدہ کیا۔ CPI میں اس نمایاں کی کے ساتھ، حقیقی سود کی شرحیں پہلے ہی مثبت ہو چکی ہیں اور مارکیٹ کے شرکاء مستقبل قریب میں شرح میں مزید کمی کی توقع رکھتے ہیں۔

ہم توقع کرتے ہیں کہ نئ حکومت آئی ایم ایف کے ساتھ ایک طویل المدتی انتظامات پر بات چیت کرنے میں کامیاب ہو جائے گی جس سے روپے کو مزید استحکام ملے گا اور یورو بانڈ مارکیٹ کھلے گی اور دیگر کثیر جہتی ایجنسیوں جیسے ورلڈ بینک، اے ڈی بی، آئی ایس ڈی بی وغیرہ سے فنڈنگ حاصل ہوگی۔

پیدادار کا جھکاؤ پہلے ہی تیز ہو چکا ہے۔ چھوٹے سرے پر پیدادار کا جھکاؤ 6M،M3 اور T-Bills 12M کے ساتھ کافی حد تک چپٹا ہو گیا ہے، جو کہ 20.5 مرکزی موجودہ پالیسی ریٹ سے تقریباْ 6ps 100 منفی پھیلاؤر کھتا ہے۔ پیداداری جھکاؤ کے طویل اختتام پر، Y کی پالیسی ریٹ سے پھیلاؤ تقریباْ 6ps 500 کے قریب ہے۔

آ گے بڑھتے ہوئے، ہم اپنے محکموں کی مدت میں اضافہ کرنے کا ارادہ رکھتے ہیں۔ تاہم، چونکہ فنڈ کی نوعیت مختصر مدت کی ہے، اس لیے زیادہ تر سرمایہ کاری بینک ڈیازٹس اور مختصر مدت کے TDRs میں رہے گی۔

آگے دیکھتے ہوئے، پاکستان مالی سال 25 میں مسلسل اقتصادی استحکام کی کوششوں کی توقع کرتا ہے۔ وفاقی بجٹ FY25، جوجون 2024 میں پیش کیا گیا تھا، نے اسٹریٹنجک اقدامات متعارف کرائے تھے جن کا مقصد اقتصادی چیلنجوں سے خمٹنے اور ملک کی تاریخ میں ممکنہ طور پر سب سے بڑے IMF پروگرام کے لیے تیاری کرنا تھا۔ مالیاتی پالیسی میں مزید تبدیلیوں اور بین الا قوامی مالیاتی اداروں کے ساتھ جاری مذاکرات کی توقعات کے ساتھ ، آؤٹ لک مختاط طور پر پر امید ہے۔

روایتی منی مار کیٹ کا جائزہ

FY24 میں، پاکستان کا کنزیومر پرائس انڈیکس (CPI) سال بہ سال اوسطاً 23.4% تک پہنچ گیا، جو کہ پچھلے سال کی ای مدت میں 29.1% کا اضافہ تھا۔ مہنگائی میں حصہ ڈالنے والے اہم شعبے خوراک اورٹرانسپور ٹمیشن اور ہاؤسنگ سیکٹر تھے۔

مالی سال 24 کی مدت میں اسٹیٹ بینک آف پاکستان نے کئی مہینوں تک پالیسی ریٹ کو 22 فیصد پرر کھا تاہم 10 جون کو ہونے والے آخری مانیٹری پالیسی کمیٹی (MPC) کی اجلاس میں کمیٹی نے شرح سود کو 22 فیصد کم سے کم 20.5 فیصد کرنے کا فیصلہ کیا۔

عام اور بنیادی افراط زر کی شرحوں میں کمی اور حقیقی شرح سود کا مثبت رخ مرکزی بینک کے لیے اپنی رعایتی شرح پر نظر ثانی کرنے پر غور کرنے کے لیے ایک مجبور دلیل پیش کرتاہے، جو پچھلے کئی مہینوں سے 22 فیصد کی بلند ترین سطح پر بر قرارہے۔ مزید بر آں، SBP کے ذخائر 05جولائی 2024 تک 9.41 بلین امریکی ڈالر ہیں۔

اقتضادي كاركر دگى كاجائزه

پاکستان کے لیے مالی سال 2024 (FY24) کلیدی اقتصادی اشاریوں میں چیلنجوں اور بہتری کا ایک مرکب دیکھا گیا، جس کی تشکیل ملکی پالیسی کے اقد امات، عالمی اقتصادی حرکیات، اور جاری اصلاحات کے ذریعے کی گئی ہے۔ یہ پاکستان کے معاشی منظر نامے کے لیے ایک اہم دورک حیثیت رکھتا ہے کیونکہ آئی ایم ایف کے ساتھ 3 بلین امریکی ڈالر کے اسٹینڈ بائی انتظامات پر وستخط کے ساتھ ہی بدحال معیشت گرم پانیوں سے نگل آئی ہے۔

مالی سال کا آغاز بلند افراط زر کے دباؤ کے ساتھ ہوالیکن آہتہ آہتہ ہیڈلائن افراط زر میں کی ویکھی گئی۔ کنزیو مرپرائس انڈیکس (سی پی آئی) سال کے لیے اوسطاً 23.4 × رہا، جو کہ FY23 میں ریکارڈ کیے گئے 29.1 × نے نمایاں کی ہے۔افراط زر کابیر رجمان بنیادی طور پر پچھلے سالوں ک اعلی افراط زر کی شرحوں اور سال کے دوران مشاہدہ کیے گئے وقٹا فوقٹا افراط زرگی اقساط میں کی سے ایک اعلی بنیاد کے اثر سے کار فرما تھا۔

اسٹیٹ بینک آف پاکستان(SBP)نے مہنگائی کو کنٹر ول کرنے اور معاشی سر گرمیوں کو متحرک کرنے میں اہم کر دار ادا کیا۔ جون 2024 میں، SBP کی مانیٹری پالیسی سمیٹی(MPC)نے 23 جون 2023 سے تقریباً ایک سال تک جمود ہر قرار رکھنے کے بعد پالیسی ریٹ کو 150 میسس پوائنٹس سے کم کرکے 20.5 فیصد کرنے کا انتخاب کیا۔ اس فیصلے کا مقصد معاشی نمو کو حقیقی طور پر سپورٹ کرنا تھا۔ سود کی نثرح مثبت ہوگئی جو کہ مانیٹری پالیسیوں کو ایڈ جسٹ کرنے کی طرف ایک تبدیلی کا اشارہ ہے۔

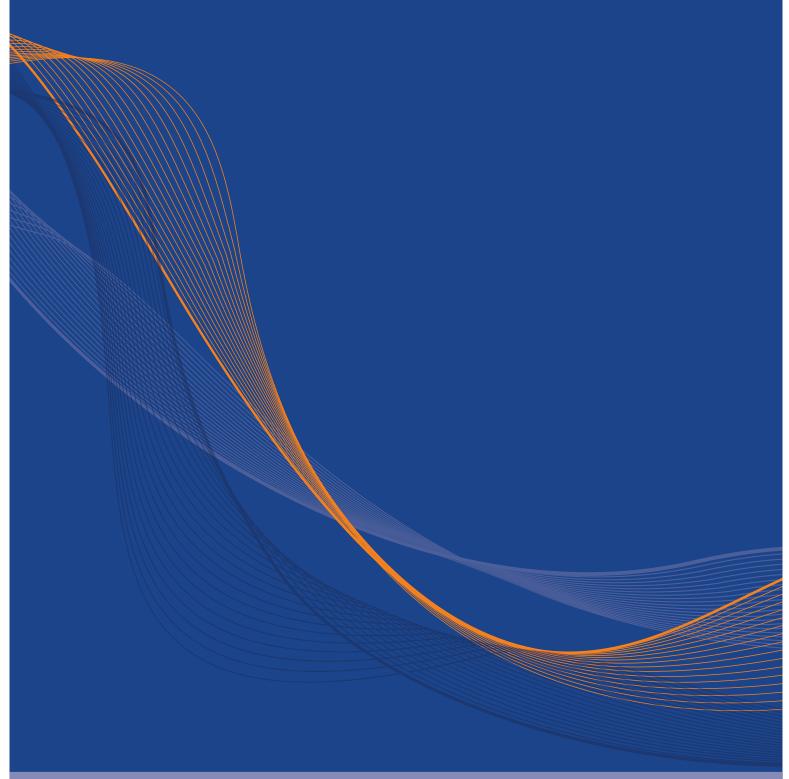

مالی سال 24 میں ادائیگیوں کے توازن کامنظر نامہ چیلنجوں اور بہتری کے امتزاج کی عکائی کرتا ہے۔ سال کے شروع میں خسارے کا سامنا کرنے کے بعد ، ملک نے سال کی دوسری ششاہی میں لگاتار تین ماہ کے کرنٹ اکاؤنٹ سرپلسز حاصل کیے۔ تاہم ، 11 ماہ کے لیے مجموعی خسارہ 464 ملین امریکی ڈالر رہا، جو زیادہ ترورآ مدی اخراجات میں اضافے سے متاثر ہوا۔ کارکنوں کی ترسیلات زرسے مضبوط رقوم نے بیرونی کھاتے کو مستقام کرنے میں اہم کردار اداکیا، جو کہ تقریباً 27 بلین ہے۔

مالیاتی محاذیر، فیڈرل بورڈ آف ریونیو (ایف بی آر) نے مالی سال 24 میں 9,311 بلین کی مضبوط ٹیکس محصولات کی وصولی کے ساتھ لچک کا مظاہرہ کیا۔ اس کار کردگی نے معاشی غیریقینی صور تحال اور جاری ڈھانچہ جاتی اصلاحات کے در میان مالیاتی نظم وضبط کو مضبوط بنانے کے لیے حکومت کی کوششوں کواجا گر کیا۔
