2.6 Risk Disclosure

Investment process requires disciplined risk management. The Management Company will incorporate adequate safeguards for controlling risks in the portfolio construction process of ABL-IIF (Formerly ABL-ICF). The risk control process involves reducing risks through risk analysis and optimal portfolio diversification. ABL Asset Management believes that these steps will help achieve the desired level of consistency in returns.

ABL Asset Management investment team aims to select instruments based on proper credit evaluation of their respective Issuers and the instrument itself. Therefore it shall be guided by the ratings of Rating Agencies such as Pakistan Credit Rating Agency or JCR-VIS Credit Rating Company Limited or any other rating agencies that may be registered with SECP from time to time or any other reputed international credit rating agencies.

Investors must realize that all investments in mutual funds and securities are subject to market risks. Our target return / dividend range cannot be guaranteed and it should be clearly understood that the portfolio of ABL Islamic Income Fund (ABL-IIF) {Formerly ABL Islamic Cash Fund (ABL-ICF)} is subject to market price fluctuations and other risks inherent in all such investments. The risks emanate from various factors that include, but are not limited to:

- (1) **Government Regulation Risk** - Government policies or regulations are more prevalent in some securities and financial instruments than in others. Schemes that invest in such securities may be affected due to change in these regulations or policies, which directly or indirectly affect the structure of the security and/or in extreme cases a governmental or court order could restrain payment of capital, principal or income.
- (2) **Reinvestment Rate Risk** – ABL-IIF (Formerly ABL-ICF) will maintain a short duration and maturity of its portfolio. In a declining interest rate economic environment, there is a risk that maturing securities will be reinvested at lower rates, which shall reduce the return of the Scheme compared to return earned in the preceding months.
- (3) **Price Risk** – The Scheme bears minimal price risk because of its short duration.
- (4) **Credit Risk** – The risk that a security’s issuer or the counter party in the case of reverse repurchase or other arrangement may not meet its obligation in full and/or on time to pay interest and repay capital or other financial obligations. Credit risk is comprised of default risk and downgrade risk. The Management Company shall help mitigate this risk by continuously reviewing the market conditions and shall also consider individual credit risks. Credit risk in ABL-IIF (Formerly ABL-ICF) will also be further mitigated as the minimum rating threshold is “AA”.
- (5) **Performance Risk** - Performance risk is the uncertainty relating to the performance of the Scheme with respect to its ability to earn consistent income stream as outlined in its investment objective. The NAV of the Scheme might go down.

2.7 **Disclaimer**

The Units of ABL-IIF (Formerly ABL-ICF) are not bank deposits and are neither issued by, insured by, obligation of, nor otherwise supported by the SECP, any Government Agency, Trustee, the Management Company (except to the extent specifically stated in this document and the Trust Deed) or any of the shareholders of the Management Company or any of the Core Investors or any other bank or financial institution.

The portfolio of ABL-IIF (Formerly ABL-ICF) is subject to market risks and risks inherent in all such investments. ABL-IIF (Formerly ABL-ICF) target return/dividend range cannot be guaranteed. ABL-IIF’s (Formerly ABL-ICF) Unit price after Initial Offer Period is not guaranteed. It is based on the NAV that may go up or down depending upon the factors and forces affecting the capital markets and interest rates.

The Scheme may also invest outside Pakistan and such investments outside Pakistan may be exposed to certain additional risk including political, economic and exchange rate risks that may reduce the value of the investments. However, studies show that diversifying internationally would tend to reduce the overall volatility of a portfolio and thus may reduce risks for investors.

Investors are requested to read the warnings as contained in clause 10 of this Offering Document.

4. CHARACTERISTICS OF UNITS

4.1 Classes of Units

The Management Company shall issue the following Classes of Units:

- i. Class “A” (Restricted/Core Units) issued to the Core Investors with no Front-end Load and Back-end Load. Out of these, at-least Fifty Million Rupees shall remain invested for at-least two (2) years or life of the Scheme, whichever is lesser. However, such Units are transferable.
- ii. Class “B” Units being offered and issued during the Private Placement and Initial Period to investors with no Front-end Load and Back -end Load.
- iii. Class “C” Units being offered and issued after the Initial Period with or without Front-end Load and Back-end Load not exceeding 5% of Net Asset Value of the Fund as per details given in the Offering Document.

4.2 Types of Units

- 4.2.1 An investor shall, at the time of opening an account, select the type(s) of Units(s) in which the investor wishes to invest, i.e. Growth and/or Income Units.
- 4.2.2 The minimum amount of investment to open and maintain an account is Rs.5,000/- for Growth Units and Rs.500,000/- for Income Units. The Management Company reserves the right to alter the minimum amounts stated hereinabove provided, that in case of an upward change in the minimum amount required for maintaining the account or adding funds, the Management Company shall give fourteen(14) days notice to Unit Holders. If the investment is any investor’s account below the minimum level as a result of revised limits, changes in valuation redemption, transfer or transmission, the Management Company may instruct the Registrar/Transfer Agent, under intimation to that investor, to close the account by redeeming the Units at the close of any accounting period at the price applicable to redemptions on such date. For Income Units, in case the amount falls below Rs.500,000/-, funds may be transferred to Growth Units.

After the initial investment, Unit Holders of ABL-IIF (Formerly ABL-ICF) may add a minimum of Rs. 1,000/- per transaction at their convenience. Units of ABL-IIF (Formerly ABL-ICF) (including fractions thereof) shall be issued against the amount received from the Unit Holder(s) in accordance with the procedure laid down in this Offering Document. The Management Company may alter the minimum amount required for opening, maintaining or adding to the account. Provided that in case of an upward change in the minimum amount required for maintaining the account or adding funds, the Management Company shall give seven days notice to Unit Holders.

- i. **Growth Units:** The Unit value grows in line with the growth in the NAV, and the Unit Holders, shall have the option to receive distribution income in the form of cash or bonus units. The Unit Holder shall choose one of the following two options:
 - a) Growth Units with option of receiving a Cash Dividend at the time of distribution.
 - b) Growth Units with the option of receiving Bonus Units at the time of distribution.
- ii. **Income Units:** Income Unit Holders will be distributed Dividends in the form of Bonus Units only.
 - a) **Flexible Income Plan** - Unit Holders, at the time of purchase or beginning of an interval will authorize the Management Company to decide the quantum of part redemption of their unit holdings at the end of every Regular Interval (i.e. monthly, quarterly, semi-annually or annually) based on the performance (NAV growth) of the scheme during the Regular Interval.
 - If the Value of Investment increases (due to growth in NAV) during an interval, the Management Company will calculate the number of units to be redeemed in such a manner that the total redemption value of such units is equal to the increase in the value of investment during that interval.
 - If the Value of Investment falls (due to fall in NAV) during an interval, the Management Company will not redeem any units at the end of that interval.

- b) **Fixed Income Plan** – Unit Holders, at the time of purchase or beginning of an interval will specify a fixed cash amount at Regular Intervals (i.e. monthly, quarterly, semi-annually or annually) and authorize the Management Company to redeem (at the prevailing NAV) such number of units from their holding that in rupee terms is equivalent to the specified fixed amount required at the end of every Regular Interval.

As a result of operation of this Clause, the capital invested may deplete in case sufficient returns are not earned to cover the amount required by the Unit Holder.

As mentioned in clause 10.2 of this Offering Document, price of units and their subsequent income may go up or down as market conditions so warrant. If income generated from the growth in unit prices outweighs the fixed cash amount, as specified by an investor then the capital of the investor shall not deplete. On the contrary, if income generated from the growth in unit prices becomes lower than the fixed cash amount being paid to an investor then this will lead to a reduction in the actual invested amount. If such a scenario emanates and growth factors dampen with respect to the fixed cash amount then the investor is susceptible to capital depletion. If such conditions persist, then the following steps may be exercised:

- i. The investor may opt to convert their plan from fixed income to flexible income or opt for growth units by completing and submitting the special instructions form as enclosed in Annexure “D”.
- ii. In case the amount falls below Rs.500,000/-, the Management Company may transfer the Income units into Growth Units.

As per clause 9.4 of this Offering Document, the Management Company will inform the fixed income unit holder regarding his/her account activity through regular account statements. Units so redeemed (at the prevailing NAV) from the investor’s holding, that in rupee terms is equivalent to the specified fixed amount, shall be highlighted in the account statement. Investors shall have to regularly monitor their account statements in order to protect their investment from depleting, in the instance that the specified fixed income amount outweighs growth in units.

Such measures will reduce the likelihood of a fixed income plan investor from depletion in capital.

The Management Company shall, calculate the redemption value to be paid to the Income Unit Holder(s) based on the Redemption Price of that day.

- 4.2.3 The Management Shall on the 25th of the last month of every Regular Interval, calculate the redemption value to be paid to the Income Unit Holder(s) based on the Redemption Price of that day.

The amount so redeemed shall be transferred/paid to the designated bank account/Cheque/pay order/Demand Draft within six (6) working days of the redemption.

- 4.2.4 The Unit Holder may withdraw funds from the option at any stage by filling out and submitting the prescribed form to the Distributor. If the value of the account goes below the prescribed amount as a result of loss in valuation or as a result of application of Clauses 4.2.2 (ii) above, the minimum value requirement shall not apply to that extent. In such an event, the Unit Holder is free to discontinue the option or convert the remaining Units into Growth Units.
- 4.2.5 The Registrar/Transfer Agent shall send an account statement to the Unit Holder each time there is an activity in the account. Such statements or report shall be sent by electronic means or ordinary mail to the Unit Holder’s address recorded in the register.
- 4.2.6 In case the Management Company announces a suspension of further issue of Units of ABL-IIF (Formerly ABL-ICF), it may allow existing Unit Holders to continue acquiring Units out of any dividend declared on Units held under this option.

- 4.2.7 Certificates representing Income Units shall not be issued. However, the Transfer Agent shall send directly to each Unit Holder an account statement each time there is a transaction in the account.
- 4.2.8 All Units and fractions thereof (up to four or more decimal places) represent an undivided share in the Scheme and rank pari passu as to their rights in net assets, earnings and receipt of dividends and distributions. Each Unit Holder has a beneficial interest in ABL-IF proportionate to the Units held by such Unit Holder. However, while maintaining the integrity of each Unit's pari passu rights, the Management Company may, for the convenience of investors, issue Units with different features from time to time.
- 4.2.9 Unit Holders may obtain certificates representing the Growth Units they hold by paying a nominal fee of Rs.50/- per certificate. This fee may be revised from time to time by the Management Company. Requests for redemption, transfer or transmission of Units shall be processed only on the production of the certificate(s) if issued earlier. In the event of loss or defacing of certificates, the verification process shall be carried out to the satisfaction of the Management Company / Trustee /Registrar/Transfer Agent and the associated costs, if any, will be borne by the Unit Holder.
- 4.2.10 The Registrar/Transfer Agent may register a pledge / lien on any Units in favor of any third party with the specific authority of the Management Company. However, the pledge / lien shall be valid only if evidenced by a statement or letter issued by the Transfer Agent indicating the Units marked in favor of the Pledgee. The onus for due process having been followed in registering a lien shall lie with the party claiming the lien. (Please see Clause 4.7 for details).

Under the circumstances mentioned in Clause 4.9 below, the Management Company may request the Trustee to approve a temporary change in the method of dealing in Units.

4.8.1 Suspension of Fresh Issue of Units

The Management Company may, under certain circumstances, suspend issue of fresh Units. These circumstances may include

- A situation in which the Management Company has decided to terminate the Scheme;
- A situation in which it is not possible to invest the amount received against issuance of fresh units e.g. closure of stock exchange etc.; or
- A situation in which the Management Company has suspended the redemption of Units;
- Any other situation in which issuance of fresh units is, in Management Company's opinion, against the interests of the existing/remaining unit holders.

The Management Company shall announce the details of exemptions at the time a suspension of fresh issue of units is announced. Such suspension may however not affect existing Unit Holders, the issue of bonus Units as a result of profit distribution or the option to receive dividends in the form of additional Units. The Management Company shall immediately notify the Commission if fresh issue of Units is suspended and shall also have the fact published, immediately following such decision, in the newspapers in which the Scheme's prices are normally published.

4.8.2 Deferral of request for fresh issue of Units

The Management Company may at any time suspend or defer the issue of fresh Units if in its opinion the total number or any one request for fresh issue of Units is so large that investing the funds would take some time and be contrary to the interests of the present Unit Holders. In this case the Management Company may accept certain request for fresh issue of Units and may defer part or all of certain request for fresh issue of Units and issue only a limited number of fresh units.

4.8.3 Suspension of Redemption of Units

In case of suspension of redemption of the units of the Scheme, the Management Company shall also suspend issuance of fresh units of the Scheme until and unless redemption of units is resumed.

4.8.4 Queue System

In the event redemption requests on any day exceed ten (10) percent of the number of Units outstanding, the Management Company may invoke a queue system whereby requests for redemption shall be processed on a first come first served basis for up to ten (10) percent of the Units in issue. The Management Company shall proceed to sell adequate assets of the Scheme and/or arrange borrowing as it deems fit in the best interest of the Unit Holder(s) and shall determine the redemption price to be applied to the redemption requests based on such action. The requests in excess of the ten (10) percent shall be treated as redemption requests qualifying for being processed on the next Business Day at the price to be determined for such redemption requests. However, if the carried over requests and the fresh requests received on the next Business Day still exceed-ten (10) percent of the Units in issue, these shall once again be treated on first-come-first served basis and the process for generating liquidity and determining the Redemption Price shall be repeated and such procedure shall continue till such time the outstanding redemption requests come down to a level below ten (10) percent of the Units then in issue.

4.8.5 Winding up in view of Major Redemptions

In the event the Management Company is of the view that the quantum of redemption requests that have built up are likely to result in the Scheme being run down to an unsustainable level or it is of the view that the selloff of assets is likely to result in a significant loss in value for the Unit Holders who are not redeeming, it may announce winding up of the Scheme. The Management Company may terminate the Scheme, if the Net Assets at any time fall below Rupees one hundred million. In such an event, the Queue System, if already invoked, shall cease to apply and all Unit Holders shall be paid after selling the assets and determining the final Redemption Price. However, interim distributions of the proceeds may be made if the Management Company finds it feasible.

The Management Company may announce a suspension or deferral of redemption.

Such a measure shall be taken to protect the interest of the Unit Holders in the event of extraordinary circumstances or in the event redemption requests accumulate in excess of ten percent (10%) of the Units in issue. In the event of a large number of redemption requests accumulating, the requests may be processed in a Queue System and under extreme circumstances the Management Company may decide to wind up the Scheme.

Details of the procedure are given in Clause 4.8 herein above. Such suspension or queue system shall end on the day following the first Business Day on which the conditions giving rise to the suspension or Queue System, shall in the opinion of the Management Company, have ceased to exist and no other condition under which suspension or Queue System is authorized under the Trust Deed exists.
