***Ms. Saira Shahid Hussain resigned as Director effective December 1, 2025. A new Director will be appointed within 90 days of her resignation in accordance with Section 161 of the Companies Act, 2017.

REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

The Board of Directors of ABL Asset Management Company Limited, the management company of ABL GOKP Pension Fund (ABL-GOKP PF), is pleased to present the Condensed Interim Financial Statements (un-audited) of ABL GOKP Pension Fund for half-year ended on December 31, 2025.

ECONOMIC PERFORMANCE REVIEW

Pakistan's macroeconomic environment remained broadly stable during 1HFY26, with consolidation gains preserved amid improving growth momentum, contained inflation, disciplined fiscal management, and strengthened external buffers. Real GDP expanded 3.7% YoY in 1QFY26 to PKR 10.46 trillion, supported by agriculture growth of 2.9% YoY, led by livestock (+6.3%), while crop performance remained mixed. Industrial activity rose a strong 9.4% YoY, driven by manufacturing growth of 5.8% and a sharp 21.1% YoY increase in construction, reflecting improving activity in allied sectors. The services sector, accounting for 57% of GDP, grew 2.4% YoY, with strength across wholesale & retail trade, transport, financial services, real estate, and public administration. Industrial momentum was reinforced by LSM growth of 10.4% YoY in November and 6.0% YoY over 5MFY26, although persistent weakness in machinery, iron & steel, chemicals, and pharmaceuticals highlights still-cautious private investment behavior.

Fiscal performance during the period was mixed. FBR tax collections reached PKR 6.15 trillion in 1HFY26, falling short of the PKR 6.49 trillion target by PKR 336 billion, underscoring structural constraints in tax buoyancy. Nevertheless, near-term fiscal outcomes were supported by strong non-tax revenues and expenditure restraint. In 1QFY26, the government recorded a fiscal surplus of PKR 2.12 trillion (1.6% of GDP) and a primary surplus of PKR 3.50 trillion (2.7% of GDP), aided by sizeable SBP profit transfers of PKR 2.43 trillion and petroleum levy collections of PKR 372 billion. While these inflows provided fiscal space and supported IMF benchmarks, the quality of consolidation remains reliant on policy-driven and largely non-recurring revenue sources.

Macroeconomic stabilization was further reinforced by continued engagement with the IMF. Pakistan successfully completed the second EFF review, unlocking a USD 1.2 billion tranche, comprising USD 1.0 billion under the EFF and USD 200 million under the Resilience and Sustainability Facility (RSF). Alongside IMF support, Pakistan successfully repaid a USD 500 million Eurobond in September 2025, materially improving near-term external credibility. As a result, foreign exchange reserves rose to USD 16.05 billion by December 31, 2025, strengthening external buffers and market confidence. These improvements were accompanied by sovereign credit rating upgrades, reflecting enhanced macro stability and policy credibility. Leveraging this improved credit profile, the government has articulated a USD 2.75 billion international bond strategy for 2026-2028, highlighted by the inaugural USD 250 million Panda Bond launch in late January 2026 and a planned return to the GMTN Eurobond market later in the year.

Inflation dynamics remained favourable, though underlying pressures persisted. Headline CPI stood at 5.61% YoY in December, with FYTD inflation averaging 5.11%, driven primarily by lower food inflation (3.4% YoY). In contrast, non-food inflation remained elevated at 7.2% YoY in Dec'25 | (6.34% 1HFY26), while core inflation hovered around 7-8%, reflecting stickiness in housing rents, utilities, and services. Wholesale inflation remained subdued at 0.6% YoY, reinforcing the disinflationary trend and allowing monetary policy to maintain a cautiously accommodative stance.

Monetary and liquidity conditions expanded moderately during the period, with Broad Money (M2) increasing by PKR 1.51 trillion (+3.7%) between June and December to PKR 42.3 trillion. Growth was deposit-led, as bank deposits rose 4.3%, supported by a sharp 68.9% increase in time deposits, while currency in circulation grew 2.2% and RFCDs declined 11.1%, indicating a continued preference for PKR-denominated assets. On the asset side, Net Domestic Assets accounted for 98% of money growth, net government borrowing declined marginally (-0.9%), SBP financing fell sharply (-38.6%), and private sector credit expanded a healthy 10.0%, led by Islamic banks and Islamic windows-signalling an improvement in credit transmission.

The external account softened amid demand normalization. The current account posted a deficit of USD 1.17 billion, as imports rose 12% YoY to USD 31.3 billion, outpacing exports, which declined 5% YoY to USD 15.5 billion, widening the goods trade deficit to USD 15.8 billion (+37% YoY). This deterioration was partly offset by workers' remittances of USD 19.7 billion (+11% YoY), which continued to anchor external stability. Despite weak FDI of USD 650 million (-57% YoY) and negative portfolio flows, the overall balance remained positive at USD 564 million, supported by official and government-linked inflows.

Overall, 1HFY26 represents a phase of consolidation rather than acceleration. Growth is recovering but uneven, fiscal discipline is holding but dependent on non-tax inflows, inflation has moderated though core pressures persist, and the external position - while strengthened by IMF support, reserve accumulation, and proactive debt management - remains sensitive to trade dynamics and capital inflows. The durability of the recovery into the remainder of FY26 will hinge on broadening industrial growth, sustaining private credit momentum, improving export competitiveness, and delivering structural reforms beyond stabilization.

MONEY MARKET REVIEW CONVENTIONAL

In 1HFY26, Pakistan's Consumer Price Index (CPI) averaged 5.11% (YoY), a significant decrease from the 7.29% (YoY) increase recorded during the same period last year. Core Inflation for urban areas averaged 6.99% (YoY), down from 9.49% (YoY) in the previous year, while rural Core inflation averaged 8.06% (YoY), compared to 12.77% (YoY) last year. This sharp decline in inflation can be attributed to the high base effect from last year, as well as a stable currency and lower global commodity prices.

During the first half of FY26, macroeconomic stability continued to strengthen, supported by sustained policy discipline and improving investor confidence. The easing cycle initiated earlier in the year progressed further as inflation trended downward and external account pressures remained contained. Reflecting increased confidence in the durability of the economic recovery, the State Bank of Pakistan maintained its accommodative stance and reduced the policy rate by 50 bps to 10.50% during the period. Progress under the IMF's Extended Fund Facility remained on track, reinforcing fiscal and structural reforms and supporting a more stable macroeconomic environment during the period. As of December 2025, SBP reserves stood at USD 16.05 billion, an increase of USD 1.53 billion compared to June 2025.

In 1HFY26, the average cut-off yields for T-Bills decreased by 52bps across all three tenors. During the period, the 3-month cut-off yield fell by 63bps, from 11.01% to 10.38%, the 6-month yield dropped by 48bps, from 10.89% to 10.41%, and the 12-month yield decreased by 46bps, from 10.85% to 10.39%. During this period, the government borrowed PKR 9.75 trillion, exceeding its target of PKR 8.23 trillion across all tenors. Additionally, yields for Pakistan Investment Bonds (PIBs) dropped on average by 69 bps for the 3-year, 5-year, and 10-year tenors, while the government borrowed PKR 2.28 trillion, exceeding its target of PKR 2.25 trillion across all tenors.

MUTUAL FUNDS INDUSTRY

The total assets under management (AUMs) of the open-end mutual fund industry grew by 18.44% year-on-year (YoY), increasing from PKR 3,833 billion to PKR 4,540 billion during 1HFY26. The largest inflows of PKR 158 billion were observed in Shariah Compliant Fixed Rate Funds, which saw a growth of 166.3%. Additionally, AUMs

in equity funds, including both Conventional and Islamic, grew by 46.62%, while Money Market funds, comprising both Conventional and Islamic, expanded by 1.27%. The strong market performance and improved economic conditions contributed to these positive outcomes, reflecting investors' optimism about the favorable economic outlook.

FUND PERFORMANCE

For the 1HFY26, Money market sub fund generated an annualized return of 10.95%. Out of total 9.86% of the investment was invested in Placement with Commercial Banks/DFIs to augment the returns with the rest 77.62% being placed in Cash.

AUDITORS

M/s. Crowe Hussain Chaudhry & Co (Chartered Accountants) have been appointed as auditor of ABL GOKP Pension Fund (ABL GOKP-PF) for the year ending on June 30, 2026.

MANAGEMENT QUALITY RATING

On October 24, 2025: The Pakistan Credit Rating Agency Limited (PACRA) has assigned the Management Quality Rating (MQR) of ABL Asset Management Company (ABL AMC) at 'AM1' (AM-One). Outlook on the assigned rating is 'Stable'.

OUTLOOK

The first half of FY-26 (July-December 2025) marks a gradual shift in Pakistan's monetary environment from policy stability toward cautious easing. The period evolved through three phases: policy stability in Q1, macroeconomic consolidation in October-November, and measured easing in December. The State Bank of Pakistan (SBP) maintained the policy rate at 11.00% until October before delivering a 50bps cut in December, supported by easing inflation, improving external balances, and stable liquidity conditions.

Investor appetite for sovereign instruments remained strong throughout the period, with yields initially range-bound before compressing across the curve in December. Both conventional and Islamic money markets demonstrated resilience, depth, and stability.

Monetary Policy and Inflation

The MPC's decision to hold rates through October reflected caution amid flood-related and food inflation risks. Inflation moderated gradually in October-November, with headline CPI easing to 5.61% YoY in December, driven mainly by food price normalization. Core and non-food inflation remained elevated but showed early signs of stabilization, enabling the SBP to initiate a cautious easing cycle.

Conventional Money Market Outlook

Liquidity conditions remained supportive, with strong participation in T-bill and PIB auctions. Early FY-26 saw preference for short- to mid-tenor instruments. Following the December rate cut, yields declined across the curve, improving total return prospects.

Strategy Outlook

- Maintain high liquidity and short-tenor exposure initially
- Gradually increase mid-tenor and selective duration exposure post-December
- Transition to total-return strategies

Islamic Money Market Outlook

The Islamic money market mirrored conventional trends, supported by sustained demand for GoP Ijarah Sukuk and Shariah-compliant instruments.

Strategy Outlook:

- Emphasize high-quality short-medium term Shariah-compliant instruments
- Maintain current Sukuk exposure
- Gradual tenor optimization as yields compresses

External Sector and Risks

FX reserves strengthened to USD 21.01 billion by end-December, supported by strong remittances and improving current account dynamics. Key risks include renewed food inflation, fiscal slippages, and external shocks.

Conclusion

FY-26 (July-December) represents a transition from stability to easing for Pakistan's money markets. Improving inflationary trends, stronger external buffers, and supportive liquidity conditions provide a constructive environment for both conventional and Islamic funds, with disciplined liquidity management and selective duration exposure remaining central to return generation.

ACKNOWLEDGEMENT

The Board of Directors of the Management Company thanks the Securities & Exchange Commission of Pakistan for their valuable support, assistance and guidance. The Board also thanks the employee of the Management Company and the Trustee, for their dedication and hard work, and the unit holders, for their confidence in the management company.

For & on behalf of the Board

TRUSTEE REPORT TO THE PARTICIPANTS

ABL GOKP PENSION FUND

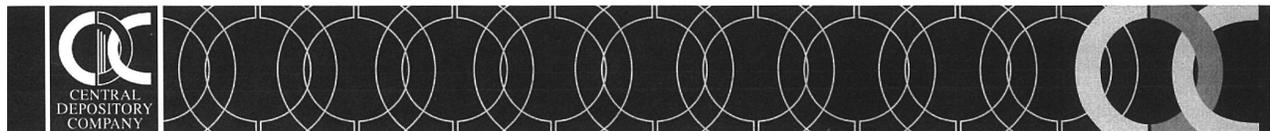

Report of the Trustee pursuant to Regulation 67D in conjunction with Regulation 41(h) of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of ABL GOKP Pension Fund (the Fund) are of the opinion that ABL Asset Management Company Limited being the Pension Fund Manager has in all material respects managed the Fund during the six months period ended December 31, 2025 in accordance with the provisions of the constitutive documents of the Fund, the Voluntary Pension System Rules, 2005 and the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

Further, in our opinion, the management fee, fee payable to Commission and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework.

Badiuddin Akber
Chief Executive Officer
Central Depository Company of Pakistan Limited

INDEPENDENT AUDITOR’S REVIEW REPORT TO THE UNIT HOLDERS OF ABL GOKP PENSION FUND

Introduction

We have reviewed the accompanying condensed interim statement of assets and liabilities of **ABL GOKP PENSION FUND** (“the Fund”) as at December 31, 2025 and the related condensed interim income statement, the condensed interim statement of movement in participants’ sub fund, and the condensed interim cash flow statement, and notes to the financial statements for the six-month period then ended (here-in-after referred to as the “interim financial statements”). Management is responsible for the preparation and presentation of these interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of interim financial statements consists of making inquiries, primarily of persons responsible for the financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements is not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Other Matter

Pursuant to the requirement of Section 237(1)(b) of the Companies Act, 2017, only cumulative figures for the half year, presented in the second quarter accounts are subject to a limited scope review by the statutory auditors of the Fund. Accordingly, the figures of the condensed interim statement of profit or loss and condensed interim statement of comprehensive income for the three months period ended December 31, 2025 have not been reviewed by us.

The engagement partner on the review resulting in this independent auditor’s review report is Amin Ali.

NOTES TO AND FORMING PART OF THE CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE HALF YEAR ENDED DECEMBER 31, 2025

Note 1

Legal Status and Nature of Business

- 1.1 ABL GOKP Pension Fund (the Fund) is an open ended Voluntary Pension Fund constituted under a Trust Deed executed between ABL Asset Management Company Limited as the Pension Fund Manager and Central Depository Company of Pakistan Limited as the Trustee. The Trust Deed was executed on August 3, 2023 under the Voluntary Pension System Rules, 2005 (VPS Rules). The Securities and Exchange Commission of Pakistan (SECP) has authorised constitution of the Trust Deed vide letter no. SCD/AMCW/ABLGOKPPF/2023-173 dated October 24, 2023 under the VPS Rules. The Pension Fund Manager of the Fund has been licensed to act as a Pension Fund Manager under the VPS Rules through a certificate of registration issued by the SECP. The Fund has been registered as a trust under the Punjab Trusts (Amendment) Act, 2022. The registered office of the Pension Fund Manager is situated at Plot No. 14, Main Boulevard, DHA Phase 6, Lahore.
- 1.2 The contributions in the Fund can be made by the participants of the Fund who shall be the employees of KPK Government appointed / recruited under the Khyber Pakhtunkhwa Civil Servants (Amendment) Act, 2022 or employees of the KPK Government, regularized as civil servant through any legal instrument, issued after coming into force of the Khyber Pakhtunkhwa Civil Servants (Amendment) Act, 2022 irrespective of the effective date of regularization (collectively referred to as "Employees").
- 1.3 The objective of the Fund is to provide employees with an individualized, funded (based on defined contribution) as well as flexible pension scheme which is managed by professional investment managers to assist them to plan and provide for their retirement. The design of the scheme empowers the Employees to invest their pensions as per their desired asset allocations.
- 1.4 The title to the assets of the Fund is held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.
- 1.5 The Pension Fund Manager has been assigned a quality rating of AM1 by PACRA dated October 24, 2025 (June 30, 2025: AM1 dated October 25, 2024). The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.
- 1.6 The Pension Fund comprises of four sub-funds namely, ABL GOKP Pension Fund Equity Sub-Fund, ABL GOKP Pension Fund Debt Sub-Fund, ABL GOKP Pension Fund Money Market Sub-Fund and ABL GOKP Pension Fund Equity Index Fund (collectively the "Sub-Funds"). As at December 31, 2025, the Fund has launched only one Sub-Fund namely ABL GOKP Pension Fund Money Market Sub-Fund. The investment policy of the Sub-Fund is as follows:

ABL GOKP Pension Fund - Money Market Sub-Fund

The weighted average time to maturity of assets of Money Market Sub-Fund shall not exceed ninety (90) days. Time to maturity of any asset in the portfolio of Money Market Sub-Fund shall not exceed six (6) months. There shall be no limit with respect to investment in the Federal Government securities. Investments may be made in debt securities of any single company up to ten percent (10%) of net assets of a Money Market Sub-Fund or issue size of that debt security, whichever is lower. At least ten per cent (10%) Net Assets of the Money Market Sub-Fund shall be invested in debt securities issued by the Federal Government or kept as deposits with scheduled commercial banks which are rated not less than "AA" by a rating agency registered with the Commission.

Note 2

Basis of Preparation

2.1 Statement of compliance

These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard (IAS) 34, *Interim Financial Reporting*, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of, directives and notifications issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Voluntary Pension System Rules, 2005 (the VPS Rules), Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and requirements of the Trust Deed.

CNC

Note 2, Basis of Preparation - Continued ...

Where provisions of, directives and notifications issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the VPS rules, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed differ with the requirements of IAS 34, the provisions of, directives and notifications issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the VPS rules, the NBFC Rules and the NBFC Regulations and requirements of the Trust Deed have been followed.

The disclosures made in these condensed interim financial statements are limited based on the requirements of the IAS 34: 'Interim Financial Reporting'. These condensed interim financial statements do not include all the information and disclosures required in a full set of financial statements and should be read in conjunction with the annual published audited financial statements of the Fund for the year ended June 30, 2025.

In compliance with Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, and Voluntary Pension System Rules, 2005 (the VPS Rules), the directors of the Management Company hereby declare that these condensed interim financial statements give a true and fair view of the state of the Fund's affairs as at and for the period ended December 31, 2025.

Note 3

Material Accounting Policy Information, Accounting Estimates, Judgements and Risk Management Policies

3.1 The accounting policies adopted and the methods of computation of balances used in the preparation of these condensed interim financial statements are the same as those applied in the preparation of the annual financial statements of the Fund for the year ended June 30, 2025.

3.2 The preparation of the condensed interim financial statements in conformity with accounting and reporting standards as applicable in Pakistan requires management to make estimates, assumptions and use judgments that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. Estimates, assumptions and judgments are continually evaluated and are based on historical experience and other factors, including reasonable expectations of future events. Revisions to accounting estimates are recognised prospectively commencing from the period of revision. In preparing the condensed interim financial statements, the significant judgments made by management in applying the Fund's accounting policies and the key sources of estimation and uncertainty were the same as those applied to the financial statements as at and for the year ended June 30, 2025. The Fund's financial risk management objectives and policies are consistent with those disclosed in the financial statements as at and for the year ended June 30, 2025.

3.3 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current period

There are certain amendments to the accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2025. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these condensed interim financial statements.

3.4 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain new standards, interpretations and amendments to the accounting and reporting standards that are mandatory for the Fund's annual accounting periods beginning on or after July 1, 2026. However, these will not have any significant effects on the Fund's operations and are, therefore, not detailed in these condensed interim financial statements.

Profit receivable	26	211

Note 15

Fair Value of Financial Instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

15.1 Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: Fair value measurements using quoted price (unadjusted) in an active market for identical assets or liabilities;

Level 2: Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: Fair value measurement using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

etc.

Note 15, Fair Value of Financial Instruments - Continued ...

As at December 31, 2025 and June 30, 2025, the Fund held the following financial instruments measured at fair value:

December 31, 2025 (Un-audited)			
Level 1	Level 2	Level 3	Total
----- (Rupees in '000) -----			
Money Market Sub-Fund			
At fair value through profit or loss			
- Government securities - Pakistan Investment Bonds	-	6,208	-
- Certificate of Investment	-	5,000	-
	-	<u>11,208</u>	-
			<u>11,208</u>
June 30, 2025 (Audited)			
Level 1	Level 2	Level 3	Total
----- (Rupees in '000) -----			
Money Market Sub-Fund			
At fair value through profit or loss			
- Corporate Sukuk Certificates	-	4,000	-
- Government securities - Market Treasury Bills	-	38,393	-
	-	<u>42,393</u>	-
			<u>42,393</u>

15.2 There were no transfers between level 1 and level 2 and no movement in or out of level 3 fair value hierarchy during the period ended December 31, 2025.

15.3 The following valuation techniques have been used in the determination of fair values of investments:

Item	Valuation technique
Corporate Sukuk Certificates	The valuation of Corporate Sukuk Certificates has been determined from MUFAP debt valuation sheet as at the reporting date. The closing rates are announced by MUFAP daily on its website.
Government securities - Pakistan Investment Bonds	The fair value of the Pakistan Investment Bonds is derived using closing PKFRV rates as at December 31, 2025. The PKFRV rates are announced by Financial Market Association (FMA).
Government securities - Market Treasury Bills	The fair value of Market Treasury Bills is derived using closing PKRV rates as at period end date. The PKRV rates are announced by FMA.
Certificate of Investment (COIs)	COIs are initially recognized at fair value which equals principal amount placed with the counter party. These are short-term in nature and are placed with counter parties that have high credit ratings.

اعتراف

مئنجمنٹ کمیٹی کا بورڈ آف ڈائریکٹرز سیکورٹیز اینڈ ایکسچینج کمیشن آف پاکستان کا ان کی گرانقدر حمایت، مدد اور رہنمائی کا شکریہ ادا کرتا ہے۔ بورڈ مئنجمنٹ کمپنی کے ملازم اور ٹرسٹی کا ان کی لگن اور محنت کے لیے اور یونٹ ہولڈرز کا، مئنجمنٹ کمپنی پر اعتماد کے لیے بھی شکریہ ادا کرتا ہے۔

بورڈ کی طرف سے اور بورڈ کے لئے

ڈائریکٹر

لاہور، 26 فروری، 2026

نویڈ نسیم

چیف ایگزیکٹو آفیسر

روایتی مارکیٹ آؤٹ لک

T-Bill اور PIB نیلامیوں میں زبردست شرکت کے ساتھ لیکویڈیٹی حالات معاون رہے۔ FY-26 کے اوائل میں مختصر سے درمیانی مدت کے آلات کو ترجیح دی گئی۔ دسمبر کی شرح میں کمی کے بعد، مجموعی واپسی کے امکانات کو بہتر کرتے ہوئے، تمام وکر میں پیداوار میں کمی واقع ہوئی۔

حکمت عملی آؤٹ لک

- ابتدائی طور پر اعلیٰ لیکویڈیٹی اور مختصر مدت کی نمائش کو برقرار رکھیں
- دسمبر کے بعد بتدریج وسط مدت اور منتخب مدت کی نمائش میں اضافہ کریں۔
- کل واپسی کی حکمت عملیوں میں منتقلی۔

اسلامک منی مارکیٹ آؤٹ لک

اسلامی کرنسی مارکیٹ نے روایتی رجحانات کی عکاسی کی، جس کی تائید GoP اجارہ سکوک اور شریعت کے مطابق آلات کی مسلسل مانگ سے ہوئی۔ حکمت عملی آؤٹ لک:

- اعلیٰ معیار کے شارٹ میڈیم ٹرم شریعت کے مطابق آلات پر زور دیں۔
- موجودہ سکوک کی نمائش کو برقرار رکھیں
- بتدریج مدت کی اصلاح جیسا کہ پیداوار کم ہوتی ہے۔

بیرونی شعبہ اور خطرات

FX کے ذخائر دسمبر کے آخر تک 21.01 بلین امریکی ڈالر تک مضبوط ہو گئے، مضبوط ترسیلات زر اور کرنٹ اکاؤنٹ کی حرکیات کو بہتر بنانے سے۔ اہم خطرات میں تجدید خوراک کی افراط زر، مالیاتی گراؤ، اور بیرونی جھٹکے شامل ہیں۔

نتیجہ

FY-26 (جولائی - دسمبر) پاکستان کی کرنسی مارکیٹوں کے لیے استحکام سے آسانی کی طرف منتقلی کی نمائندگی کرتا ہے۔ افراط زر کے رجحانات میں بہتری، مضبوط بیرونی بفرز، اور معاون لیکویڈیٹی حالات روایتی اور اسلامی دونوں فنڈز کے لیے ایک تعمیری ماحول فراہم کرتے ہیں، جس میں نظم و ضبط کا نظم و نسق اور منتخب مدت کی نمائش واپسی کے لیے مرکزی حیثیت رکھتی ہے۔

اضافہ ہوا، جبکہ منی مارکیٹ فنڈز، جن میں روایتی اور اسلامی دونوں شامل ہیں، میں 1.27 فیصد اضافہ ہوا۔ مارکیٹ کی مضبوط کارکردگی اور بہتر معاشی حالات نے ان مثبت نتائج میں حصہ ڈالا، جو سازگار اقتصادی نقطہ نظر کے بارے میں سرمایہ کاروں کی امید کی عکاسی کرتا ہے۔

فنڈ کی کارکردگی

منی مارکیٹ سب فنڈ

1 HFY26 کے لیے، منی مارکیٹ کے ذیلی فنڈ نے 10.95% کا سالانہ منافع حاصل کیا۔ کل 9.86% سرمایہ کاری میں سے ریٹرن کو بڑھانے کے لیے کمرشل بینکوں/DFIs کے ساتھ پلیسمنٹ میں لگائی گئی تھی اور باقی 77.62% کیش میں رکھی گئی تھی۔

آڈیٹر

میسرز کرو حسین چوہدری اینڈ کمپنی (چارٹرڈ اکاؤنٹنٹس) کو 30 جون 2026 کو ختم ہونے والے سال کے لیے ABL GOKP پنشن فنڈ (ABLGOKP-PF) کے آڈیٹرز کے طور پر مقرر کیا گیا ہے۔

مینجمنٹ کمپنی کی کوالٹی کی درجہ بندی

24 اکتوبر 2025 کو: پاکستان کریڈٹ ریٹنگ ایجنسی لمیٹڈ (PACRA) نے اے بی ایل ایسیٹ مینجمنٹ کمپنی (ABL AMC) کی مینجمنٹ کوالٹی ریٹنگ (MQR) کو 'AM-One' (AM1) تفویض کی ہے۔ تفویض کردہ درجہ بندی پر آؤٹ لک 'مستحکم' ہے۔

آؤٹ لک اور اسٹریٹیجی

FY-26 کی پہلی ششماہی (جولائی تا دسمبر 2026) پاکستان کے مالیاتی ماحول میں پالیسی کے استحکام سے محتاط نرمی کی طرف بتدریج تبدیلی کی نشاندہی کرتی ہے۔ مدت تین مرحلوں کے ذریعے تیار ہوئی: Q1 میں پالیسی استحکام، اکتوبر-نومبر میں میکرو اکنامک کنسولیدیشن، اور دسمبر میں نرمی کی پیمائش۔ اسٹیٹ بینک آف پاکستان (SBP) نے دسمبر میں 50bps کی کٹوتی کرنے سے پہلے اکتوبر تک پالیسی ریٹ کو 11.00% پر برقرار رکھا، جس کی مدد سے افراط زر میں کمی، بیرونی توازن میں بہتری، اور مستحکم لیکویڈٹی حالات شامل تھے۔

خود مختار آلات کے لیے سرمایہ کاروں کی خواہش پوری مدت کے دوران مضبوط رہی، دسمبر میں وکر کو سکیڑنے سے پہلے پیداوار ابتدائی طور پر حد کے ساتھ تھی۔ روایتی اور اسلامی دونوں منڈیوں نے چمک، گہرائی اور استحکام کا مظاہرہ کیا۔

مائیکرو پالیسی اور افراط زر

اکتوبر تک شرحیں برقرار رکھنے کا MPC کا فیصلہ سیلاب سے متعلق اور خوراک کی افراط زر کے خطرات کے درمیان احتیاط کی عکاسی کرتا ہے۔ اکتوبر-نومبر میں مہنگائی بتدریج اعتدال پر آئی، جس کی سرخی CPI دسمبر میں 5.61% YoY پر آگئی، بنیادی طور پر خوراک کی قیمتوں کو معمول پر لانے سے۔ بنیادی اور غیر خوراک کی افراط زر بلند رہی لیکن اس نے استحکام کے ابتدائی آثار دکھائے، جس سے اسٹیٹ بینک کو ایک محتاط نرمی کا دور شروع کرنے میں مدد ملی۔

کے باقی حصے میں بحالی کی پائیداری صنعتی ترقی کو وسیع کرنے، نجی کریڈٹ کی رفتار کو برقرار رکھنے، برآمدی مسابقت کو بہتر بنانے، اور استحکام سے آگے ساختی اصلاحات فراہم کرنے پر منحصر ہوگی۔

روایتی منی مارکیٹ کا جائزہ

1 HFY26 میں، پاکستان کا کنزیومر پرائس انڈیکس (CPI) اوسطاً 5.11% (YoY) رہا، جو پچھلے سال کی اسی مدت کے دوران ریکارڈ کیے گئے 7.29% (YoY) اضافے سے نمایاں کمی ہے۔ شہری علاقوں کے لیے بنیادی مہنگائی اوسطاً 6.99% (YoY) رہی، جو پچھلے سال 9.49% (YoY) سے کم ہے، جبکہ دیہی بنیادی افراط زر کی اوسط اوسطاً 8.06% (YoY) رہی، جو پچھلے سال 12.77% (YoY) تھی۔ افراط زر میں اس تیزی سے کمی کی وجہ گزشتہ سال سے زیادہ بنیادی اثر کے ساتھ ساتھ مستحکم کرنسی اور کموڈٹی کی عالمی قیمتوں میں کمی کو قرار دیا جاسکتا ہے۔ مالی سال 26 کی پہلی ششماہی کے دوران، معاشی استحکام مسلسل مضبوط ہوتا رہا، جس کی حمایت پائیدار پالیسی ڈسپلن اور سرمایہ کاروں کے اعتماد کو بہتر کرتی ہے۔ سال کے شروع میں شروع کیا گیا نرمی کا دور مزید آگے بڑھا کیونکہ افراط زر کی شرح نیچے کی طرف بڑھی اور بیرونی کھاتوں کا دباؤ برقرار رہا۔ معاشی بحالی کی پائیداری میں بڑھتے ہوئے اعتماد کی عکاسی کرتے ہوئے، اسٹیٹ بینک آف پاکستان نے اپنا مناسب موقف برقرار رکھا اور اس مدت کے دوران پالیسی ریٹ کو 50 bps سے کم کر کے 10.50% کر دیا۔ آئی ایم ایف کی توسیعی فنڈ سہولت کے تحت پیش رفت ٹریک پر رہی، جس سے مالیاتی اور ڈھانچہ جاتی اصلاحات کو تقویت ملی اور اس عرصے کے دوران زیادہ مستحکم میکرو اکنامک ماحول کی حمایت کی گئی۔ دسمبر 2025 تک، SBP کے ذخائر 16.05 بلین امریکی ڈالر تھے، جو جون 2025 کے مقابلے میں USD 1.53 بلین زیادہ ہے۔

1 HFY26 میں، تینوں مدتوں میں T-Bills کے لیے اوسط کٹ آف پیداوار میں 52 bps کی کمی واقع ہوئی۔ اس مدت کے دوران، 3 ماہ کی کٹ آف پیداوار میں 63 bps کی کمی ہوئی، 11.01% سے 10.38%، 6 ماہ کی پیداوار میں 48 bps کی کمی، 10.89% سے 10.41% تک، اور 12 ماہ کی پیداوار میں 3% bps کی کمی سے 16.50% سے 10.38% فیصد تک کمی واقع ہوئی۔ اس مدت کے دوران، حکومت نے PKR 9.75 ٹریلین قرض لیا، جو کہ تمام مدتوں میں PKR 8.23 ٹریلین کے ہدف سے زیادہ ہے۔ مزید برآں، پاکستان انوسٹمنٹ بانڈز (PIBs) کی پیداوار میں 3 سالہ، 5 سالہ اور 10 سالہ مدت کے لیے اوسطاً 69 bps کی کمی واقع ہوئی، جب کہ حکومت نے PKR 2.28 ٹریلین قرض لیا، جو تمام مدتوں میں PKR 2.25 ٹریلین کے ہدف سے زیادہ ہے۔

میوچل فنڈ انڈسٹری کا جائزہ

اوپن اینڈ میوچل فنڈ انڈسٹری کے کل اثاثے زیر انتظام (AUMs) میں سال بہ سال 18.44% (YoY) اضافہ ہوا، جو کہ 1 HFY26 کے دوران PKR 3,833 بلین سے بڑھ کر PKR 4,540 بلین ہو گیا۔ شریعہ کمپلائنٹ فکسلڈ ریٹ فنڈز میں PKR 158 بلین کی سب سے بڑی آمد دیکھی گئی، جس میں 166.3 فیصد اضافہ ہوا۔ مزید برآں، ایکویٹی فنڈز میں AUMs، بشمول روایتی اور اسلامی دونوں، میں 46.62 فیصد

بہتری آئی، جو میکرو استحکام اور پالیسی کی ساکھ میں اضافے کی عکاسی کرتی ہے۔ اس بہتر کریڈٹ پروفائل سے فائدہ اٹھاتے ہوئے، حکومت نے 2026-2028 کے لیے 2.75 بلین امریکی ڈالر کی بین الاقوامی بانڈ حکمت عملی وضع کی ہے، جس میں جنوری 2026 کے آخر میں 250 ملین امریکی ڈالر کا پہلا بانڈ لانچ اور سال کے آخر میں NTMG یورو بانڈ مارکیٹ میں واپسی کا منصوبہ نمایاں ہے۔

افراط زر کی صورت حال سازگار رہی، اگرچہ بنیادی دباؤ برقرار رہا۔ دسمبر میں ہیڈ لائن CPI 5.61% سالانہ رہا، جبکہ DTYF مہنگائی کی اوسط 5.11% رہی، جس کی بنیادی وجہ خوراک کی مہنگائی میں کمی (3.4% سال بہ سال) تھی۔ اس کے برعکس، غیر خوراک کی مہنگائی دسمبر 2025 میں 7.2% سالانہ بلند رہی (6.34% YFH126)، جبکہ بنیادی مہنگائی 7-8% کے درمیان رہی، جو ہاؤسنگ کرایہ، یوٹیلٹیز، اور خدمات میں چھپچھپ پن کی عکاسی کرتی ہے۔ ہول سیل مہنگائی سال بہ سال 0.6% پر کم رہی، جس سے افراط زر کی کمی کے رجحان کو تقویت ملی اور مالیاتی پالیسی کو محتاط اور نرم رویہ اختیار کرنے کا موقع ملا۔

اس عرصے کے دوران مالیاتی اور لیکویڈٹی کی حالتیں معتدل طور پر بڑھیں، جہاں جون سے دسمبر کے درمیان براڈ منی (M2) میں 1.51 ٹریلین روپے (+3.7%) بڑھ کر 42.3 ٹریلین روپیہ ہو گیا۔ ترقی ڈپازٹ کی بنیاد پر تھی، کیونکہ بینک ڈپازٹس میں 4.3% اضافہ ہوا، جس کی مدد ٹائم ڈپازٹس میں 68.9% تیزی سے بڑھی، جبکہ گردش میں کرنسی 2.2% اور SDCFR میں 11.1% کمی آئی، جو RKP کے اثاثوں کی ترجیح کو ظاہر کرتی ہے۔ اثاثہ جات کے حوالے سے، خالص ملکی اثاثے پیسے کی نمو کا 98% تھے، خالص حکومتی قرضے معمولی کمی (-0.9%) میں ہوئی، SBP کی مالی معاونت میں تیزی سے کمی آئی (-38.6%)، اور نجی شعبے کے قرضے میں صحت مند 10.0% اضافہ ہوا، جس کی قیادت اسلامی بینکوں اور اسلامی کھڑکیوں کی وجہ سے ہوئی۔ جو کریڈٹ ٹرانسمیشن میں بہتری کی علامت ہے۔

بیرونی اکاؤنٹ ڈیٹا کے معمول پر آنے کے دوران نرم ہو گیا۔ کرنٹ اکاؤنٹ میں 1.17 ارب امریکی ڈالر کا خسارہ رہا، جس سے درآمدات 12% بڑھ کر 31.3 ارب امریکی ڈالر ہو گئے، جو برآمدات کو پیچھے چھوڑ گئیں، جو سال بہ سال 5% کم ہو کر 15.5 ارب امریکی ڈالر رہ گئی، جس سے اشیاء کی تجارتی خسارہ 15.8 ارب امریکی ڈالر (+37% سالانہ سال) تک پہنچ گئی۔ اس خرابی کو جزوی طور پر مزدوروں کی 19.7 ارب امریکی ڈالر (+11% سال بہ سال) کی ترسیلات زر نے متوازن کیا، جو بیرونی استحکام کو برقرار رکھتی رہیں۔ کمزور IDF 650 ملین امریکی ڈالر (-57% سال سال) اور منفی پورٹ فولیو بہاؤ کے باوجود، مجموعی توازن مثبت رہا اور 564 ملین امریکی ڈالر رہا، جس کی حمایت سرکاری اور سرکاری آمدنی سے ہوئی۔

مجموعی طور پر، YFH126 ایک استحکام کے مرحلے کی نمائندگی کرتا ہے نہ کہ تیز رفتاری کا۔ ترقی بحال ہو رہی ہے لیکن غیر متوازن، مالی نظم و ضبط برقرار ہے لیکن غیر ٹیکس آمد پر منحصر ہے، افراط زر معتدل ہو گئی ہے اگرچہ بنیادی دباؤ برقرار ہے، اور بیرونی پوزیشن۔ اگرچہ آئی ایم ایف کی حمایت، ریزرو جمع کرنے، اور فعال قرض کے انتظام سے مضبوط ہوئی ہے۔ تجارتی حرکیات اور سرمایہ کی آمد کے لیے حساس ہے۔ مالی سال 26

مینجمنٹ کمپنی کے ڈائریکٹرز کی رپورٹ

اے بی ایل جی او کے پی پنشن فنڈ (اے بی ایل جی او کے پی - پی ایف) کی انتظامیہ کمپنی، اے بی ایل ایسٹ مینجمنٹ کمپنی لمیٹڈ کے بورڈ آف ڈائریکٹرز 31 دسمبر، 2025 کو ختم ہونے والی سہ ماہی کے لئے اے بی ایل جی او کے پی پنشن فنڈ کے عبوری (غیر آڈٹ شدہ) فنانشل اسٹیٹمنٹ پیش کرنے پر خوشی محسوس کرتے ہیں۔

اقتصادی کارکردگی کا جائزہ

1QFY26 پاکستان کا میکرو اکنامک ماحول YFH126 کے دوران عمومی طور پر مستحکم رہا، جس میں استحکام کے فوائد برقرار رہے، ترقی کی رفتار بہتر ہوئی، افراط زر پر قابو پایا گیا، مالی انتظام منظم تھا، اور بیرونی بفرز مضبوط ہوئے۔ حقیقی PDG نے 1 سہ ماہی مالی 26 میں 3.7% بڑھ کر 10.46 ٹریلین روپے تک پہنچا، جس میں زرعی نمو 2.9% سالانہ تھی، جس کی قیادت مویشیوں (+6.3%) نے کی، جبکہ فصلوں کی کارکردگی مخلوط رہی۔ صنعتی سرگرمی میں سال بہ سال 9.4% مضبوط اضافہ ہوا، جس کی وجہ مینوفیکچرنگ کی شرح نمو 5.8% اور تعمیرات میں 21.1% سالانہ تیزی سے اضافہ ہے، جو متعلقہ شعبوں میں بہتری کی عکاسی کرتا ہے۔ خدمات کا شعبہ، جو جی ڈی پی کا 57% ہے، سال بہ سال 2.4% بڑھا، جس میں ہول سیل اور ریٹیل تجارت، ٹرانسپورٹ، مالیاتی خدمات، جائیداد، اور عوامی انتظامیہ میں مضبوطی شامل ہے۔ صنعتی رفتار کو نومبر میں LSM کی 10.4% سالانہ ترقی اور YFM265 کے مقابلے میں 6.0% سالانہ اضافے نے مزید تقویت دی، اگرچہ مشینری، لوہا و اسٹیل، کیمیکلز اور فارماسیوٹیکلز میں مسلسل کمزوری نجی سرمایہ کاری کے محتاط رویے کو ظاہر کرتی ہے۔

اس عرصے کے دوران مالی کارکردگی مخلوط رہی۔ RBF کی ٹیکس وصولیاں پہلی مالی سال 2026 میں 6.15 ٹریلین روپے تک پہنچ گئیں، جو 6.49 ٹریلین روپے کے ہدف سے 336 ارب روپے کم رہی، جو ٹیکس کی بونٹسی میں ساختی رکاوٹوں کو اجاگر کرتی ہے۔ تاہم، قریبی مدت کے مالی نتائج مضبوط غیر ٹیکس آمدنی اور اخراجات پر پابندی کی حمایت کرتے رہے۔ پہلی سہ ماہی مالی 2026 میں، حکومت نے 2.12 ٹریلین روپیہ (جی ڈی پی کا 1.6%) کا مالی سرپلس اور 3.50 ٹریلین روپیہ (جی ڈی پی کا 2.7%) کا پرائمری سرپلس ریکارڈ کیا، جس میں ایس بی پی کے 2.43 ٹریلین روپے کے بڑے منافع کی منتقلی اور 372 ارب روپے کے پیٹرولیم لیوی کلکیشن نے مدد کی۔ اگرچہ ان آمدوں نے مالیاتی جگہ فراہم کی اور آئی ایم ایف کے معیارات کی حمایت کی، لیکن انضمام کا معیار پالیسی پر مبنی اور زیادہ تر غیر بار بار آنے والے آمدنی کے ذرائع پر منحصر ہے۔

میکرو اکنامک استحکام کو آئی ایم ایف کے ساتھ جاری روابط نے مزید تقویت دی۔ پاکستان نے دوسرے FFEI جائزہ کامیابی سے مکمل کیا، جس میں 1.2 بلین امریکی ڈالر کا ٹرانچ کھول دیا گیا، جس میں FFE کے تحت 1.0 بلین امریکی ڈالر اور سیلینس اینڈ سسٹین لیبلیٹی سہولت (FSR) کے تحت 200 ملین امریکی ڈالر شامل ہیں۔ آئی ایم ایف کی حمایت کے ساتھ ساتھ، پاکستان نے ستمبر 2025 میں 500 ملین امریکی ڈالر کا یوروبانڈ کامیابی سے واپس کیا، جس سے قریبی مدت میں بیرونی ساکھ میں نمایاں بہتری آئی۔ نتیجتاً، 31 دسمبر 2025 تک غیر ملکی زر مبادلہ کے ذخائر 16.05 ارب امریکی ڈالر تک پہنچ گئے، جس سے بیرونی بفرز اور مارکیٹ کا اعتماد مضبوط ہوا۔ ان بہتریوں کے ساتھ خود مختار کریڈٹ ریٹنگ میں
