## REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

The Board of Directors of ABL Asset Management Company Limited, the management company of ABL Islamic Fixed Term Fund (ABL-IFTF), is pleased to present the Condensed Interim Financial Statements (un-audited) of ABL Islamic Fixed Term Fund for the period ended September 30, 2025.

### ECONOMIC PERFORMANCE REVIEW

Pakistan's economy in 1QFY26 (Jul-Sep 2025) continued to build on the stabilization momentum of the past year, with inflation trending lower, fiscal collections holding steady in absolute terms but missing targets, remittances providing crucial support, and reserves remaining firm, though external fragilities persist. Inflation averaged 4.2% YoY during the quarter, markedly below last year's prints. The quarterly trend, however, showed some pressure building, with September CPI accelerating to 5.6% YoY (+2.0% MoM) from 3.0% YoY in August, driven by food and energy costs. Despite this uptick, the disinflationary trajectory remains largely intact, allowing the State Bank of Pakistan to maintain its policy rate at 11%, unchanged since its last cut earlier in the year. The steady stance reflects confidence in price stability and provides room for liquidity to support activity.

On the real side, large-scale manufacturing offered tentative signs of recovery at the start of the fiscal year. July 2025 LSM output rose 8.99% YoY (+2.6% MoM), reflecting a rebound in consumption-driven segments such as automobiles and apparel, and stable activity in petroleum and construction-related industries. However, investment-heavy sectors such as machinery, iron and steel, and chemicals remained weak, pointing to a recovery still anchored in demand repair rather than capex-led growth. This imbalance highlights the early-cycle nature of the industrial rebound, with the broader economy yet to transition into a sustained investment cycle.

Fiscal performance showed strength in collections but fell short of expectations. The FBR provisionally collected Rs 2.86 trillion in 1QFY26 (Rs 749bn in July, Rs 886bn in August, and Rs 1.23trn in September), but this figure was ~Rs 198-200 billion short of the quarterly target. While enforcement and compliance measures have supported the tax base, the shortfall underscores the impact of disinflation on nominal receipts and the difficulty of meeting ambitious targets in a soft price environment. The miss highlights an important risk for fiscal consolidation and may require either stronger measures in subsequent quarters or adjustments during IMF program reviews.

The external account remained the most important swing factor. Over Jul-Aug, exports totalled US\$5.3bn (+10% YoY) compared with imports of US\$10.4bn (+9% YoY), resulting in a goods deficit of US\$5.1bn. Workers' remittances of US\$6.35bn (+7% YoY) provided a crucial cushion, limiting the cumulative current account deficit to US\$624mn in the first two months of the fiscal year. Still, both July (-US\$379mn) and August (-US\$245mn) recorded deficits, reflecting the persistence of strong import demand relative to export capacity. Financing inflows leaned heavily on official channels, with government borrowings driving net financial inflows of US\$563mn, while FDI remained modest at US\$323mn (-34% YoY) and portfolio flows showed outflows of US\$83mn. By September, liquid FX reserves stood close to US\$19.8bn, comfortably above end-2024 levels (~US\$15.9bn) and providing a stable buffer against near-term external pressures.

Market sentiment improved during the quarter, aided by back-to-back sovereign rating upgrades and proactive debt management. S&P upgraded Pakistan's rating in July 2025, followed by Moody's in August raising local and foreign currency ratings to 'Caa1' from 'Caa2' with a stable outlook, citing improved external liquidity, fiscal discipline, and IMF program continuity. Confidence was further reinforced by the government's successful repayment of a US\$500mn Eurobond in September, which demonstrated external debt-servicing capacity, and its plans to

diversify funding sources with a US\$250mn Panda bond issuance, part of efforts to mobilize up to US\$750mn in external inflows. These steps, combined with IMF program support, have helped bolster sentiment and reduce rollover risk, even as reliance on official inflows remains significant.

Overall, 1QFY26 was defined by low average inflation, resilient remittances, firmer reserves, improved sovereign ratings, and proactive debt management, but also by a notable tax collection shortfall. The persistence of a wide goods deficit, weak private inflows, and missed fiscal targets underscores the fragility beneath the stabilization. The durability of recovery will depend on sustaining remittance strength, narrowing trade imbalances, improving tax buoyancy, and attracting private capital inflows to reduce reliance on government and multilateral financing.

## **MUTUAL FUND INDUSTRY REVIEW**

In the first two months of FY26, the open-end mutual fund industry in Pakistan recorded a YTD AUMs growth of 7.81%, rising from PKR 3,833 billion to PKR 4,132 billion. Significant inflows were observed in Conventional Income Funds and Conventional Money Market Funds, with AUMs increasing by 14.5% (from PKR 481 billion to PKR 551 billion) and 4.1% (from PKR 989 billion to PKR 1,034 billion), respectively. Additionally, equity funds demonstrated robust growth, with Conventional Equity Funds rising by 20.9% (from PKR 268 billion to PKR 323 billion) and Islamic Equity Funds growing by 27.3% (from PKR 141 billion to PKR 180 billion). This industry-wide AUM expansion is primarily driven by favorable macroeconomic conditions and exceptional equity market performance, which have bolstered investor confidence.

## **MONEY MARKET REVIEW**

During 1QFY26, Pakistan's fixed income market was characterized by easing inflationary pressures, a stable policy environment, and healthy government participation across T-Bill and PIB auctions. Headline CPI averaged 4.2% YoY during the quarter, significantly down from 9.2% in 1QFY25, reflecting favorable base effects, lower global commodity prices, and improved domestic food and energy supply dynamics.

The State Bank of Pakistan (SBP) maintained the policy rate at 11.0% throughout the quarter, following cumulative cuts earlier in FY25. This pause reflected a balanced approach-anchoring inflation expectations while preserving monetary space amid external account considerations. As of 22nd September, 2025 SBP's FX reserves stood at USD 14.4 billion, providing adequate import cover and supporting monetary stability.

In the variable-rate Ijarah Sukuk segment, only one auction was conducted on 29-September-2025. Against a target of PKR 75 billion, total participation stood at PKR 286 billion, highlighting robust investor demand. However, the Ministry raised only PKR 20 billion, reflecting a cautious borrowing approach despite oversubscription. In the fixed-rate Ijarah Sukuk segment, participation was even stronger. Against a target of PKR 250 billion, bids worth PKR 925 billion were received across the 1Y, 3Y, and 5Y tenors. The Ministry accepted PKR 312 billion, raising funds in 3Y, 5Y, and 10Y maturities.

Overall, the money market in 1QFY26 reflected a stable monetary policy stance, sustained disinflation, and continued investor preference for short to medium tenor instruments. The combination of anchored inflation, adequate FX reserves, and credible fiscal discipline helped sustain market confidence heading into the remainder of FY26.

## **FUND PERFORMANCE**

Since Inception from September 18, 2025, ABL Islamic Fixed Term Plan - I generated an annualized return of 11.10% against a benchmark return of 9.73%.

AUMs of ABL Islamic Fixed Term Plan - I clocked in at PKR 16,864.52 million at the end of Sep'25. Asset allocation had majority exposure in Cash which stood at 99.63% at the end of Sep'25.

## MONETARY POLICY AND INFLATION DYNAMICS

The Monetary Policy Committee (MPC) upheld the policy rate at 11.00% in its July and September meetings, marking three consecutive holds after aggressive easing in prior quarters. This decision underscores a shift toward prudence, as the lagged effects of previous rate cuts unfold against a backdrop of rising inflationary pressures. MPC meeting took place in September, wherein, the committee decided to take the prudent approach and kept the rate unchanged.

Inflation trends exhibited volatility during the quarter. Headline CPI rose to 4.06% YoY in July from 3.24% in June, influenced by energy price fluctuations, monsoon floods in Punjab and Sindh, and base effects in food and housing categories. Urban inflation increased 3.4% MoM, while rural areas saw a 2.2% decline. In August, inflation eased to 3.0% YoY, with urban and rural CPI at 3.0% and 2.4%, respectively, driven by softening perishable food prices despite sequential upticks in clothing, health, and education. Severe floods in Punjab amplified risks to agricultural output and rural livelihoods, potentially spilling into September.

Projections for September indicate a rebound to 5.1-7.0% YoY, attributed to flood-induced food supply disruptions and elevated import costs.

## ISLAMIC MONEY MARKET

The Islamic segment mirrored conventional trends, with emphasis on Shariah-compliant instruments such as Government of Pakistan (GoP) Ijarah Sukuk. The September Sukuk auction, originally planned for mid-month, was rescheduled to September 29, reflecting procedural adjustments amid steady demand. Investor interest in fixed-term and money market plans remained strong, supported by regulatory enhancements to bolster the Islamic capital market.

## AUDITORS

M/s. Yousaf Adil (Chartered Accountants) have been appointed as auditors for the year ending June 30, 2026 of ABL Islamic Fixed Term Fund (ABL-IFTF).

## MANAGEMENT QUALITY RATING

On October 25, 2024: The Pakistan Credit Rating Agency Limited (PACRA) has assigned the Management Quality Rating (MQR) of ABL Asset Management Company (ABL AMC) at 'AM1' (AM-One). Outlook on the assigned rating is 'Stable'.

## OUTLOOK

Reflecting on the first quarter of FY26 (July-September 2025), Pakistan's financial landscape has been marked by policy stability, emerging inflationary pressures, and resilient external dynamics. The State Bank of Pakistan (SBP) maintained its benchmark policy rate at 11.00% throughout the period, reflecting a cautious approach to balance economic recovery with inflation risks exacerbated by seasonal floods and volatile food prices. Headline inflation moderated initially but is projected to rise to approximately 5.1-7.0% in September, driven by supply chain disruptions. Government securities auctions demonstrated strong investor demand, with yields remaining range-bound and skewed toward mid-tenor instruments. External buffers strengthened, with foreign exchange reserves reaching \$19.79 billion by mid-September, supported by robust remittances and multilateral inflows.

In the Islamic money market, parallel trends were observed, with Sukuk auctions rescheduled amid market adjustments, underscoring sustained appetite for Shariah-compliant instruments. Looking ahead, we anticipate continued rate stability into Q2 FY26, with opportunities in short- to mid-tenor securities, though risks from flood-related inflation and fiscal reforms warrant vigilant portfolio positioning.

## ACKNOWLEDGEMENT

The Board of Directors of the Management Committee thanks the Securities & Exchange Commission of Pakistan for their valuable support, assistance and guidance. The Board also thanks the employee of the Management Company and the Trustee, for their dedication and hard work, and the unit holders, for their confidence in the management company.

# ABL ISLAMIC FIXED TERM FUND

## NOTES TO AND FORMING PART OF THE CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD FROM SEPTEMBER 19, 2025 TO SEPTEMBER 30, 2025

### 1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 ABL Islamic Fixed Term Fund (the Fund) is an open ended mutual fund constituted under a Trust Deed entered into on March 26, 2024 between ABL Asset Management Company Limited (ABL AMCL) as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Securities and Exchange Commission of Pakistan (SECP) authorised constitution of the Trust Deed vide letter no SCD/AMCW/ABLIFTF/2023/540 dated June 11, 2024 in accordance with the requirements of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The Management Company of the Fund has been licensed to act as an Asset Management Company under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) through a certificate of registration issued by the SECP. The registered office of the Management Company is situated at Plot No. 14, Main Boulevard, DHA Phase 6, Lahore. The Management Company is a member of the Mutual Funds Association of Pakistan (MUFAP).

1.2 The Fund has been categorised as an open ended Shariah Compliant Fixed Rate / Return Scheme by the Board of Directors of the Management Company pursuant to the provisions contained in Circular 7 of 2009 and is in the process of listing on the Pakistan Stock Exchange Limited.

#### 1.3 Investment Objective

##### 1.3.1 ABL Islamic Fixed Term Plan - I

The investment objective of ABL Islamic Fixed Term Plan-I is to provide promised return to the Unit Holders at maturity in such a manner that original amount of investment is protected at maturity by investing in Authorized

1.4 The units of the Fund were initially offered for public subscription at a par value of Rs 10 per unit. Thereafter, the units are being offered for public subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.

1.5 The Management Company has been assigned a quality rating of 'AM1' by Pakistan Credit Rating Agency (PACRA) dated October 25, 2024. The rating reflects the experienced management team, structured investment process and sound quality of the systems and processes.

1.6 The title to the assets of the Fund is held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.

1.7 As per the offering document approved by the SECP, the accounting period, in case of the first such period, shall commence from the date on which the trust property is first paid or transferred to the Trustee. Accordingly, these condensed interim financial statements have been prepared from September 19, 2025 to September 30, 2025.

1.8 This is the first accounting period of the Fund and hence there are no comparative figures.

### 2 BASIS OF PRESENTATION

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor and are accounted for on substance rather than the form prescribed by the earlier referred guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

### 3 BASIS OF PREPARATION

#### 3.1 Statement of compliance

These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards applicable in Pakistan comprise of:

- International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017, along with part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the 'International Accounting Standard (IAS) 34, Interim Financial Reporting, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

These condensed interim financial statements are un-audited. However, a limited scope review has been performed by the statutory auditors. In compliance with Schedule V of the NBFC Regulations, the directors of the Management Company declare that these condensed interim financial statements give a true and fair view of the state of affairs of the Fund as at September 30, 2025.

### **3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current period**

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2025. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these condensed interim financial statements.

### **3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective**

There are certain new standards and amendments to the published accounting and reporting standards that will be applicable to the Fund for its annual periods beginning on or after July 1, 2026. However, these are not considered to be relevant or will not have any material effect on the Fund's financial statements except for:

- The new standard - IFRS 18 Presentation and Disclosure in Financial Statements (IFRS 18) (published in April 2024) with applicability date of January 1, 2027 by IASB. IFRS 18 when adopted and applicable shall impact the presentation of 'Income Statement' with certain additional disclosures in the financial statements; and
- Amendments to IFRS 9 'Financial Instruments' which clarify the date of recognition and derecognition of a financial asset or financial liability including settlement of liabilities through banking instruments and channels including electronic transfers with effective date of January 1, 2026. The amendment when applied may impact the timing of recognition and derecognition of financial liabilities.

### **3.4 Critical accounting estimates and judgments**

The preparation of these condensed interim financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgments and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgments that have a significant effect on these condensed interim financial statements of the Fund relate to valuation of financial assets (note 4.3) and taxation (notes 4.14 and 13).

### **3.5 Accounting convention**

These condensed interim financial statements have been prepared under the historical cost convention except for investments classified as at fair value through profit or loss' which are measured at their respective fair values.

### **3.6 Functional and presentation currency**

Items included in these condensed interim financial statements are measured using the currency of the primary economic environment in which the Fund operates. These condensed interim financial statements are presented in Pakistani Rupee, which is the Fund's functional and presentation currency.

## **4 MATERIAL ACCOUNTING POLICY INFORMATION**

### **4.1 The principal accounting policies applied in the preparation of these condensed interim financial statements are set out below.**

#### **4.2 Cash and cash equivalents**

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

### 4.3 Financial assets

#### 4.3.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried as 'at fair value through profit or loss'. Financial assets carried as 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the condensed interim income statement.

#### 4.3.2 Classification and subsequent measurement

##### a) Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- amortised cost;
- at fair value through other comprehensive income (FVOCI); and
- at fair value through profit or loss (FVPL)

based on the business model of the entity.

However, IFRS 9 requires securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognised at FVPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore, the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVPL.

##### b) Impairment

The Fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

##### c) Impairment loss on debt securities

Provision for the non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on the management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the condensed interim income statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, considering the specific credit and financial condition of the debt security issuer and in accordance with the provisioning policy duly approved by the Board of Directors of the Management Company.

#### 4.3.3 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

#### 4.3.4 Subsequent measurement

##### a) At amortised cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest (SPPI), and that are not designated at FVPL, are subsequently measured at amortised cost.

##### b) Fair value through other comprehensive income (FVOCI):

Financial assets that are held for collection of contractual cash flows and for selling the assets, where the assets' cash flows represent solely payments of principal and interest, and that are not designated at FVPL, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through other comprehensive income, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses on the instrument's amortised cost which are recognised in the income statement. When the financial asset is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to the condensed interim income statement.

#### **c) Fair value through profit or loss (FVPL):**

Assets that do not meet the criteria for classification at amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in the condensed interim income statement in the period in which it arises.

#### **4.3.5 Derecognition**

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the condensed interim income statement.

#### **4.4 Financial liabilities**

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the condensed interim income statement.

#### **4.5 Offsetting of financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is reported in the condensed interim Statement of Assets and Liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### **4.6 Provisions**

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### **4.7 Net asset value per unit**

The Net Asset Value (NAV) per unit as disclosed in these condensed interim Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the period end.

#### **4.8 Issue and redemption of units**

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges, if applicable. The sales load is payable to the Management Company.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company receives redemption applications during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

#### **4.9 Distributions to unit holders**

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the period also includes portion of income already paid on units redeemed during the

Distributions declared subsequent to the period end reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

#### **4.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed**

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund will be refunded on units in the same proportion as dividend bears to accounting income available for distribution. MUFAP, in consultation with the SECP, has specified the methodology of determination of income paid on units redeemed during the period under which such income is paid on gross element received and is calculated from the latest date at which the Fund achieved net profitability during the period.

#### 4.11 Revenue recognition

- Income on sukuk certificates and government securities is recognised on a time proportionate basis using the effective yield method except for the securities which are classified as non-performing asset under Circular 33 of 2012 issued by the SECP for which the profits are recorded on cash basis.
- Profit on bank deposits is recognised on accrual basis.
- Gains / (losses) arising on sale of investments are recorded at the date at which the transaction takes place.
- Unrealised gains / (losses) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are recorded in the period in which these arise.

#### 4.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in these condensed interim income statement on an accrual basis.

#### 4.13 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed to the unit holders in cash.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

#### 4.14 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the period after taxation of the Fund by the weighted average number of units outstanding during the period. Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable as described in note 13.

#### 4.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at period end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in these condensed interim income statement.

## 10 ACCRUED EXPENSES AND OTHER LIABILITIES

Auditors' remuneration payable	93
Sales tax payable on fee	6
	99

## 11 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at September 30, 2025.

## 12 TAXATION

The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the period derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the Management Company intends to distribute at least 90% of the Fund's accounting income for the period ending June 30, 2025 as reduced by capital gains (whether realised or unrealised) to its unit holders, therefore no provision for taxation has been made in these condensed interim financial statements during the period.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

## 13 EARNINGS PER UNIT

Earnings per unit (EPU) has not been disclosed in these condensed interim financial statements as, in the opinion of the management, determination of weighted average number of outstanding units for calculating EPU is not

## 14 TRANSACTIONS AND BALANCES WITH RELATED PARTIES / CONNECTED PERSONS

- 14.1** Connected persons / related parties include Allied Bank Limited being the holding company of the Management Company, ABL Asset Management Company, other collective investment schemes being managed by the Management Company, entities under common management or directorships, Central Depository Company of Pakistan Limited being the Trustee, directors and their close family members and key management personnel of the Management Company and any person or company beneficially owning directly or indirectly 10% or more of the net assets of the Fund.
- 14.2** Transactions with connected persons are executed on an arm's length basis and essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, sales load, profit on savings account with bank, other charges and distribution payments to connected persons. The transactions with connected persons are in the normal course of business, at contracted rates and at terms determined in accordance with market rates.
- 14.3** Remuneration to the Management Company of the Fund is determined in accordance with the provisions of the NBFC Regulations, 2008 and the Trust Deed.
- 14.4** Remuneration to the Trustee of the Fund is determined in accordance with the provisions of the NBFC Regulations, 2008 and the Trust Deed.

The details of transactions carried out by the Fund with connected persons / related parties during the period are as follows:

## 16 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The risk management policy of the Fund aims to maximise the return attributable to the unit holders and seeks to minimise potential adverse effects on the Fund's financial performance.

Risks of the Fund are being managed by the Fund manager in accordance with the approved policies of the Investment Committee which provide broad guidelines for management of risk pertaining to market risks (including profit rate risk, currency risk and price risk), credit risk and liquidity risk. Currently, the overall exposure of the Fund complies with the NBFC Regulations and the directives issued by the SECP.

Risks managed and measured by the Fund are explained below:

### 16.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: profit rate risk, currency risk and price risk.

#### (i) Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. As of September 30, 2025, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

#### a) Sensitivity analysis for variable rate instruments

The Fund's variable rate risk arises from the balances with banks. At September 30, 2025, if there had been increase / decrease of 100 basis points in profit rates, with all other variables held constant, net assets of the Fund for the period ended would have been higher / lower by Rs 80.190 million.

#### b) Sensitivity analysis for fixed rate instruments

The Fund does not hold any financial instruments that are exposed to fixed rate risk.

The composition of the Fund's investment portfolio and KIBOR rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of September 30, 2025 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at September 30, 2025 can be determined as follows:

As at September 30, 2025					
Un-audited					
Effective yield / profit rate (%)	Exposed to yield / profit rate risk			Not exposed to yield / profit rate risk	Total
	Up to three months	More than three months and up to one year	More than one year		
----- Rupees in '000 -----					
<b>Financial assets</b>					
Bank balances	8.00% - 10.35%	8,018,961	-	-	8,018,961
Profit receivable		-	-	29,937	29,937
		8,018,961	-	29,937	8,048,898
<b>Financial liabilities</b>					
Payable to ABL Asset Management Company Limited - Management Company		-	-	211	211
Payable to Central Depository Company of Pakistan Limited - Trustee		-	-	169	169
Payable against redemption and conversion of units		-	-	3,992	3,992
Accrued expenses and other liabilities		-	-	99	99
		-	-	4,471	4,471
<b>On-balance sheet gap</b>		8,018,961	-	25,466	8,044,427
<b>Total profit rate sensitivity gap</b>		8,018,961	-	-	-
<b>Cumulative profit rate sensitivity gap</b>		8,018,961	8,018,961	8,018,961	-

## (ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. As at September 30, 2025 the Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

## (iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. As at September 30, 2025 the Fund does not hold any instruments that are exposed to price risk.

## 16.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, 2008, the Fund can borrow in the short-term to ensure settlement the maximum limit of which is 15% of the net assets upto 90 days and would be secured by the assets of the Fund. However, no borrowing was required to be obtained by the Fund during the current period.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below 10% of the units then in issue. The Fund did not withhold any redemptions during the period.

The table below summarises the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting year to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

As at September 30, 2025 (Un-audited)						
Within 1 month	More than one month and upto three months	More than three months and upto one year	More than one year and upto five years	More than 5 years	Financial instruments with no fixed maturity	Total
Rupees in '000						
<b>Financial assets</b>						
Bank balances	8,018,961	-	-	-	-	8,018,961
Profit receivable	29,937	-	-	-	-	29,937
	8,048,898	-	-	-	-	8,048,898
<b>Financial liabilities</b>						
Payable to ABL Asset Management Company Limited - Management Company	211	-	-	-	-	211
Payable to Central Depository Company of Pakistan Limited - Trustee	169	-	-	-	-	169
Payable against redemption and conversion of units	3,992	-	-	-	-	3,992
Accrued expenses and other liabilities	6	93	-	-	-	99
	4,378	93	-	-	-	4,471
<b>Net financial assets / (liabilities)</b>	<b>8,044,520</b>	<b>(93)</b>	<b>-</b>	<b>-</b>	<b>-</b>	<b>8,044,427</b>

### 16.3 Credit risk

16.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

	<b>September 30, 2025</b>	
	<b>Un-audited</b>	
	<b>Balance as per statement of assets and liabilities</b>	<b>Maximum exposure to credit risk</b>
	----- (Rupees in '000) -----	
Bank balances	8,018,961	8,018,961
Profit receivable	29,937	29,937
	<u>8,048,898</u>	<u>8,048,898</u>

The maximum exposure to credit risk before any credit enhancement as at September 30, 2025 is the carrying amount of the financial assets. Advance tax refundable, investment in government securities and profit accrued thereon, however, is not exposed to credit risk and have been excluded from the above analysis.

### 16.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of balances with banks, corporate sukuk and profit receivable thereon. The credit rating profile of balances with banks and profit receivable thereon is as follows:

<b>Banks</b>	<b>Rating agency</b>	<b>Rating (Long Term)</b>	<b>September 30, 2025</b>
			<b>% of bank balances exposed to credit risk</b>
Allied Bank Limited	PACRA	AAA	5.12%
Faysal Bank Limited	PACRA	AA	94.88%
			<u>100.00%</u>

The ratings of corporate sukuk certificates have been disclosed in their respective investment notes. Whereas the investment in government securities are not exposed to credit risk.

### 16.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. As transactions are entered with credit worthy parties and are within the regulatory limits, therefore any significant concentration of credit risk is mitigated.

## 17 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

## Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at the September 30, 2025 the Fund has no financial instruments carried at fair values:

## 18 GENERAL

Figures have been rounded off to the nearest thousand Rupees, unless otherwise stated.

## آؤٹ لک اور اسٹریٹیجی

مالی سال 26 کی پہلی سہ ماہی (جولائی تا ستمبر 2025) پر غور کرتے ہوئے، پاکستان کے مالیاتی منظر نامے کو پالیسی استحکام، ابھرتے ہوئے افراط زر کے دباؤ اور لچکدار بیرونی حرکیات نے نشان زد کیا ہے۔ اسٹیٹ بینک آف پاکستان (SBP) نے پوری مدت کے دوران اپنی مینجنگ مارک پالیسی ریٹ کو 11.00% پر برقرار رکھا، جو کہ موسمی سیلاب اور ایشیائی خوردونوش کی قیمتوں میں اتار چڑھاؤ سے بڑھنے والے افراط زر کے خطرات کے ساتھ معاشی بحالی کو متوازن کرنے کے لیے ایک محتاط انداز فکر کی عکاسی کرتا ہے۔ ابتدائی طور پر ہیڈلائن افراط زر میں اعتدال آیا لیکن سپلائی چین میں رکاوٹوں کی وجہ سے ستمبر میں تقریباً 5.1-7.0 فیصد تک بڑھنے کا امکان ہے۔ سرکاری سیکورٹیز کی نیلامیوں نے سرمایہ کاروں کی مضبوط مانگ کا مظاہرہ کیا، جس میں پیداوار باقی رہ گئی اور درمیانی مدت کے آلات کی طرف جھک گئی۔ بیرونی بفرز مضبوط ہوئے، ستمبر کے وسط تک زر مبادلہ کے ذخائر 19.79 بلین ڈالر تک پہنچ گئے، جس کی حمایت مضبوط ترسیلات زر اور کثیر جہتی آمد کے ذریعے ہوئی۔

اسلامی کرنسی مارکیٹ میں، متوازی رجحانات دیکھے گئے، مارکیٹ میں ایڈجسٹمنٹ کے درمیان سکوک کی نیلامیوں کو دوبارہ ترتیب دیا گیا، جس سے شریعت کے مطابق آلات کے لیے مستقل بھوک کی نشاندہی کی گئی۔ آگے دیکھتے ہوئے، ہم توقع کرتے ہیں کہ Q2 FY26 میں شرح میں استحکام برقرار رہے گا، مختصر سے درمیانی مدت کی سیکورٹیز میں مواقع کے ساتھ، اگرچہ سیلاب سے متعلق افراط زر اور مالیاتی اصلاحات کے خطرات چوکس پورٹ فولیو پوزیشننگ کی ضمانت دیتے ہیں۔

## اعتراف

مینجمنٹ کمیٹی کا بورڈ آف ڈائریکٹرز سیکورٹیز اینڈ ایکسچینج کمیشن آف پاکستان کا ان کی گرانقدر حمایت، مدد اور رہنمائی کا شکریہ ادا کرتا ہے۔ بورڈ مینجمنٹ کمپنی کے ملازم اور اسٹریٹیجی کا ان کی لگن اور محنت کے لیے اور یونٹ ہولڈرز کا، مینجمنٹ کمپنی پر ان کے اعتماد کے لیے شکریہ ادا کرتا ہے۔

بورڈ کی طرف سے اور بورڈ کے لئے

  
نوید نسیم  
چیف ایگزیکٹو آفیسر

  
ڈائریکٹر  
لاہور، 22 اکتوبر، 2025

## مانیٹری پالیسی اور افراط زر کی حرکیات

مانیٹری پالیسی کمیٹی (MPC) نے اپنی جولائی اور ستمبر کی میٹنگز میں پالیسی ریٹ کو 11.00% پر برقرار رکھا، جو کہ پچھلی سہ ماہیوں میں جارحانہ نرمی کے بعد لگاتار تین ہولڈز کو نشان زد کیا۔ یہ فیصلہ ہوشیاری کی طرف ایک تبدیلی کی نشاندہی کرتا ہے، کیونکہ گزشتہ شرح میں کمی کے اثرات مہنگائی کے بڑھتے ہوئے دباؤ کے پس منظر میں سامنے آتے ہیں۔ MPC کی میٹنگ ستمبر میں ہوئی تھی، جس میں کمیٹی نے سمجھداری سے کام لینے کا فیصلہ کیا اور شرح کو کوئی تبدیلی نہیں کی۔

مہنگائی کے رجحانات نے سہ ماہی کے دوران اتار چڑھاؤ کا مظاہرہ کیا۔ توانائی کی قیمتوں میں اتار چڑھاؤ، پنجاب اور سندھ میں مومن سون کے سیلاب، اور خوراک اور رہائش کے زمرے میں بنیادی اثرات سے متاثر، ہیڈ لائن CPI جولائی میں بڑھ کر 4.06% YoY ہو گئی جو جون میں 3.24% تھی۔ شہری مہنگائی میں 3.4% MoM اضافہ ہوا، جب کہ دیہی علاقوں میں 2.2% کمی دیکھی گئی۔ اگست میں، مہنگائی 3.0% YoY تک کم ہو گئی، شہری اور دیہی CPI بالترتیب 3.0% اور 2.4%، لباس، صحت اور تعلیم میں ترتیب وار اضافے کے باوجود خراب ہونے والی اشیائے خورد و نوش کی قیمتوں میں نرمی کی وجہ سے۔ پنجاب میں شدید سیلاب نے زرعی پیداوار اور دیہی معاش کے لیے خطرات کو بڑھا دیا، جو ممکنہ طور پر ستمبر تک پھیل جائے گا۔

ستمبر کے تخمینے 5.1-7.0% YoY کی طرف واپسی کی نشاندہی کرتے ہیں، جس کی وجہ سے سیلاب کی وجہ سے خوراک کی فراہمی میں رکاوٹیں اور بڑھے ہوئے درآمدی اخراجات ہیں۔

## اسلامک منی مارکیٹ

اسلامی طبقہ نے روایتی رجحانات کی عکاسی کی، جس میں شریعت کے مطابق آلات جیسے حکومت پاکستان (GoP) اجارہ سکوک پر زور دیا گیا۔ ستمبر سکوک کی نیلامی، جو اصل میں وسط مہینے کے لیے منصوبہ بندی کی گئی تھی، کو 29 ستمبر کو ری شیڈول کر دیا گیا، جو کہ مسلسل مانگ کے درمیان طریقہ کار کی ایڈجسٹمنٹ کی عکاسی کرتا ہے۔ مقررہ مدت اور کرنسی مارکیٹ کے منصوبوں میں سرمایہ کاروں کی دلچسپی مضبوط رہی، جسے اسلامی کیپٹل مارکیٹ کو تقویت دینے کے لیے ریگولیٹری اضافے کی حمایت حاصل ہے۔

## آڈیٹر

میسرز یوسف عادل (چارٹرڈ اکاؤنٹنٹس) کو ABL اسلامک فیکسڈ ٹرم پلان - 1 (ABL-IFTP) کے 30 جون 2026 کو ختم ہونے والے سال کے لیے آڈیٹر مقرر کیا گیا ہے۔  
مینجمنٹ کمپنی کی کوالٹی کی درجہ بندی

25 اکتوبر 2024 کو: پاکستان کریڈٹ ریٹنگ ایجنسی لمیٹڈ (PACRA) نے ABL ایسیٹ مینجمنٹ کمپنی (ABL AMC) کی مینجمنٹ کوالٹی ریٹنگ (MQR) کو 'AM-One' (AM1) پر تفویض کر دیا ہے۔ تفویض کردہ درجہ بندی پر آؤٹ لک 'مستحکم' ہے۔

اسلامک ایکویٹی فنڈز میں 27.3 فیصد اضافہ ہوا (141 بلین سے 180 بلین روپے تک)۔ یہ صنعت میں وسیع AUM توسیع بنیادی طور پر سازگار معاشی حالات اور ایکویٹی مارکیٹ کی غیر معمولی کارکردگی کی وجہ سے ہے، جس نے سرمایہ کاروں کا اعتماد بڑھایا ہے۔

**اسلامی منی مارکیٹ کا جائزہ**

1QFY26 کے دوران، پاکستان کی فلکسڈ انکم مارکیٹ کی خصوصیات افراط زر کے دباؤ میں کمی، ایک مستحکم پالیسی ماحول، اور PIB اور T-Bill نیلامیوں میں صحت مند حکومت کی شرکت تھی۔ سہ ماہی کے دوران Headline CPI کی اوسط 4.2% YoY تھی، جو کہ QFY25 میں 9.2% سے نمایاں طور پر کم ہے، سازگار بنیادی اثرات، کموڈٹی کی عالمی قیمتوں میں کمی، اور گھریلو خوراک اور توانائی کی سپلائی کی بہتر حرکیات کو ظاہر کرتی ہے۔

اسٹیٹ بینک آف پاکستان (SBP) نے مالی سال 25 کے شروع میں مجموعی کٹوتیوں کے بعد، پوری سہ ماہی میں پالیسی ریٹ کو 11.0% پر برقرار رکھا۔ یہ وقفہ ایک متوازن نقطہ نظر کی عکاسی کرتا ہے۔ بیرونی اکاؤنٹ کے تحفظات کے درمیان مالیاتی جگہ کو محفوظ رکھتے ہوئے افراط زر کی توقعات کو اینکر کرنا۔ 22 ستمبر 2025 تک SBP کے ایف ایکس کے ذخائر 14.4 بلین امریکی ڈالر تھے، جو مناسب درآمدی کور فراہم کرتے ہیں اور مالیاتی استحکام میں معاونت کرتے ہیں۔

متغیر شرح اجارہ سکوک کے حصے میں، 29- ستمبر-2025 کو صرف ایک نیلامی ہوئی تھی۔ 75 PKR بلین کے ہدف کے مقابلے میں، کل شرکت 286 PKR بلین رہی، جو سرمایہ کاروں کی مضبوط مانگ کو نمایاں کرتی ہے۔ تاہم، وزارت نے صرف 20 PKR بلین اکٹھے کیے، جو اوور سبسکریپشن کے باوجود قرض لینے کے محتاط انداز کو ظاہر کرتا ہے۔ فلکسڈ ریٹ اجارہ سکوک سیگمنٹ میں شرکت اور بھی مضبوط تھی۔ 250 بلین کے ہدف کے خلاف، 3Y، Y1، اور Y5 مدتوں میں 925 PKR بلین کی بولیاں موصول ہوئیں۔ وزارت نے 5Y، Y3، اور Y10 میچورٹیز میں فنڈز اکٹھے کرتے ہوئے 312 بلین PKR کو قبول کیا۔

مجموعی طور پر، 1QFY26 میں کرنسی مارکیٹ نے مانیٹری پالیسی کے مستحکم موقف، پائیدار انفلیشن، اور مختصر سے درمیانی مدت کے آلات کے لیے سرمایہ کاروں کی ترجیحات کو ظاہر کیا۔ لنگر انداز افراط زر، مناسب FX ذخائر، اور قابل اعتماد مالیاتی نظم و ضبط نے مالی سال 26 کے بقیہ حصے میں مارکیٹ کے اعتماد کو برقرار رکھنے میں مدد کی۔

## فنڈ کی کارکردگی

18 ستمبر 2025 سے شروع ہونے کے بعد سے، ABL اسلامک فلکسڈ ٹرم پلان - 1 نے 9.73% کے بیچ مارک ریٹرن کے مقابلے میں 11.10% کا سالانہ منافع پیدا کیا۔

ABL اسلامک فلکسڈ ٹرم پلان - 1 کے AUMs نے ستمبر 25 کے آخر میں 16,864.52 ملین روپے تک بڑھ گئے۔ اثاثہ جات کی تقسیم میں کیش کی اکثریت تھی جو 25 ستمبر کے آخر میں 99.63 فیصد تھی۔

بیرونی کھاتہ سب سے اہم سوئنگ فیکٹر رہا۔ جولائی-اگست کے دوران، برآمدات 5.3 بلین امریکی ڈالر (+10% YoY) کے مقابلے میں 10.4 بلین امریکی ڈالر (+9% YoY) رہی، جس کے نتیجے میں 5.1 بلین امریکی ڈالر کا سامان خسارہ ہوا۔ ورکرز کی ترسیلات زر 6.35 بلین امریکی ڈالر (+7% YoY) نے ایک اہم کٹن فراہم کیا، جس سے مالی سال کے پہلے دو مہینوں میں مجموعی کرنٹ اکاؤنٹ خسارہ 624 ملین امریکی ڈالر تک محدود رہا۔ پھر بھی، جولائی (379 ملین امریکی ڈالر) اور اگست (245 ملین امریکی ڈالر) نے خسارے کو ریکارڈ کیا، جو برآمدی صلاحیت کے مقابلے میں مضبوط درآمدی طلب کی برقراری کی عکاسی کرتا ہے۔ مالیاتی آمدن سرکاری چینلز پر بہت زیادہ جھکاؤ رکھتی ہے، حکومتی قرضوں سے خالص مالیاتی آمدن 563 ملین امریکی ڈالر ہوتی ہے، جبکہ FDI 323 ملین امریکی ڈالر (-34% YoY) پر رہا اور پورٹ فولیو کے بہاؤ نے 83 ملین امریکی ڈالر کا اخراج ظاہر کیا۔ ستمبر تک، مائع FX کے ذخائر 19.8 بلین امریکی ڈالر کے قریب کھڑے تھے، جو 2024 کے آخر کی سطح (15.9 بلین امریکی ڈالر) سے آرام سے اوپر تھے اور قریبی مدت کے بیرونی دباؤ کے خلاف ایک مستحکم بفر فراہم کرتے تھے۔

سہ ماہی کے دوران مارکیٹ کے جذبات میں بہتری آئی، بیک ٹوبیک خود مختار درجہ بندی کے اپ گریڈ اور فعال قرض کے انتظام سے مدد ملی۔ P&S نے جولائی 2025 میں پاکستان کی ریٹنگ کو اپ گریڈ کیا، جس کے بعد اگست میں Moody's نے بیرونی لیکویڈیٹی، مالیاتی نظم و ضبط اور IMF پروگرام کے تسلسل کا حوالہ دیتے ہوئے ایک مستحکم آؤٹ لک کے ساتھ مقامی اور غیر ملکی کرنسی کی درجہ بندی کو 'Caa2' سے بڑھا کر 'Caa1' کر دیا۔ حکومت کی جانب سے ستمبر میں 500 ملین امریکی ڈالر کے یوروبانڈ کی کامیاب ادائیگی سے اعتماد کو مزید تقویت ملی، جس نے بیرونی قرضوں کی فراہمی کی صلاحیت کو ظاہر کیا، اور اس کے 250 ملین امریکی ڈالر کے پانڈا بانڈ کے اجراء کے ساتھ فنڈنگ کے ذرائع کو متنوع بنانے کے منصوبے، جو کہ 750 ملین امریکی ڈالر تک کے بیرونی بہاؤ کو متحرک کرنے کی کوششوں کا حصہ ہیں۔ آئی ایم ایف پروگرام سپورٹ کے ساتھ مل کر ان اقدامات نے جذبات کو تقویت دینے اور رول اوور کے خطرے کو کم کرنے میں مدد کی ہے، یہاں تک کہ سرکاری رقوم پر انحصار اہم ہے۔

مجموعی طور پر، 1QFY26 کی تعریف کم اوسط مہنگائی، لچکدار ترسیلات زر، مضبوط ذخائر، بہتر خود مختار درجہ بندی، اور فعال قرضوں کے انتظام، بلکہ ٹیکس وصولی میں نمایاں کمی سے بھی کی گئی تھی۔ سامان کے وسیع خسارے کا برقرار رہنا، کمزور نجی آمد، اور مالی اہداف سے محروم رہنا استحکام کے نیچے کی نزاکت کو واضح کرتا ہے۔ ریکوری کی پائیداری کا انحصار ترسیلات زر کی طاقت کو برقرار رکھنے، تجارتی عدم توازن کو کم کرنے، ٹیکس میں اضافے کو بہتر بنانے، اور حکومت اور کثیر جہتی فنانشنگ پر انحصار کم کرنے کے لیے نجی سرمائے کی آمد کو راغب کرنے پر ہوگا۔

### میوچل فنڈ انڈسٹری کا جائزہ

FY26 کے پہلے دو مہینوں میں، پاکستان میں اوپن اینڈ میوچل فنڈ انڈسٹری نے YTD AUMs میں 7.81 فیصد اضافہ ریکارڈ کیا، جو 3,833 بلین روپے سے بڑھ کر 4,132 بلین روپے ہو گیا۔ روایتی انکم فنڈز اور کنونشنل منی مارکیٹ فنڈز میں نمایاں آمد دیکھی گئی، جس میں AUMs میں بالترتیب 14.5% (481 بلین روپے سے 551 بلین روپے) اور 4.1% (989 بلین روپے سے 1,034 بلین روپے تک) اضافہ ہوا۔ مزید برآں، ایکویٹی فنڈز نے مضبوط ترقی کا مظاہرہ کیا، جس میں روایتی ایکویٹی فنڈز میں 20.9% (268 بلین روپے سے 323 بلین روپے تک) اور

## مینجمنٹ کمپنی کے ڈائریکٹرز کی رپورٹ

اے بی ایل اسلامک فیکسڈ ٹرم پلان - 1 (اے بی ایل - آئی ایف ٹی پی - 1) کی انتظامیہ کمپنی، اے بی ایل ایسٹ مینجمنٹ کمپنی لمیٹڈ کے بورڈ آف ڈائریکٹرز 30 ستمبر، 2025 کو ختم ہونے والی سہ ماہی کے لئے اے بی ایل اسلامک فیکسڈ ٹرم پلان - 1 کے عبوری (غیر آڈٹ شدہ) فنانشل اسٹیٹمنٹ پیش کرنے پر خوشی محسوس کرتے ہیں۔

### اقتصادی کارکردگی کا جائزہ

1QFY26 (جولائی - ستمبر 2025) میں پاکستان کی معیشت گزشتہ سال کے استحکام کی رفتار پر قائم رہی، افراط زر کارحجان کم ہونے کے ساتھ، مالیاتی مجموعے قطعی طور پر مستحکم رہے لیکن اہداف میں کمی، ترسیلات زر اہم مدد فراہم کرتی ہیں، اور ذخائر مستحکم رہتے ہیں، حالانکہ بیرونی کمزوریوں کے مطابق۔ مہنگائی کی اوسط سہ ماہی کے دوران سالانہ 4.2% رہی، جو پچھلے سال کے پرنٹس سے واضح طور پر کم ہے۔ سہ ماہی رجحان، تاہم، کچھ دباؤ کی عمارت کو ظاہر کرتا ہے، ستمبر کی CPI میں تیزی کے ساتھ 5.6% YoY (+2.0% MoM) سے اگست میں خوراک اور توانائی کے اخراجات کے باعث 3.0% YoY۔ اس اضافے کے باوجود، افراط زر کی رفتار بڑی حد تک برقرار ہے، جس سے اسٹیٹ بینک آف پاکستان کو اپنی پالیسی ریٹ 11 فیصد پر برقرار رکھنے کی اجازت دی گئی، سال کے شروع میں اس کی آخری کٹوتی کے بعد کوئی تبدیلی نہیں ہوئی۔ مستحکم موقف قیمتوں کے استحکام میں اعتماد کی عکاسی کرتا ہے اور سرگرمی کی حمایت کے لیے لیکویڈٹی کی گنجائش فراہم کرتا ہے۔

حقیقی طرف، بڑے پیمانے پر مینوفیکچرنگ نے مالی سال کے آغاز میں بحالی کے عارضی اشارے پیش کیے۔ جولائی 2025 LSM کی پیداوار میں 8.99% YoY (+2.6% MoM) اضافہ ہوا، جو کہ گاڑیوں اور ملبوسات جیسے کھپت سے چلنے والے حصوں میں بحالی کی عکاسی کرتا ہے، اور پٹرولیم اور تعمیرات سے متعلقہ صنعتوں میں مستحکم سرگرمی ہے۔ تاہم، سرمایہ کاری کے بھاری شعبے جیسے مشینری، آئرن اور سٹیل، اور کیمیکلز کمزور رہے، جو کہ کسپیکس کی قیادت میں ترقی کی بجائے مانگ کی مرمت میں لنگر انداز ہونے والی بحالی کی طرف اشارہ کرتے ہیں۔ یہ عدم توازن صنعتی بحالی کے ابتدائی دور کی نوعیت کو نمایاں کرتا ہے، جس میں وسیع تر معیشت ابھی تک پائیدار سرمایہ کاری کے دور میں تبدیل نہیں ہوئی ہے۔

مالیاتی کارکردگی نے وصولیوں میں مضبوطی دکھائی لیکن توقعات سے کم رہی۔ FBR نے 1QFY26 میں عارضی طور پر 2.86 ٹریلین روپے اکٹھے کیے (جولائی میں 749 بلین روپے، اگست میں 886 بلین روپے، اور ستمبر میں 1.23 بلین روپے)، لیکن یہ اعداد و شمار سہ ماہی ہدف سے ~ 198-200 بلین روپے کم تھے۔ جب کہ نفاذ اور تعمیل کے اقدامات نے ٹیکس کی بنیاد کو سہارا دیا ہے، یہ کمی برائے نام وصولیوں پر ڈس انفلیشن کے اثرات اور نرم قیمت کے ماحول میں مہتواکانکشی اہداف کو پورا کرنے میں دشواری کو واضح کرتی ہے۔ یہ کمی مالیاتی استحکام کے لیے ایک اہم خطرے کو نمایاں کرتی ہے اور اس کے لیے بعد کی سہ ماہیوں میں مضبوط اقدامات یا IMF پروگرام کے جائزوں کے دوران ایڈجسٹمنٹ کی ضرورت پڑ سکتی ہے۔
