REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

The Board of Directors of ABL Asset Management Company Limited, the management company of ABL Government Securities Fund (ABL-GSF), is pleased to present the un-audited Condensed Interim Financial Statements of ABL-GSF for the quarter ended September 30, 2013.

ECONOMIC PERFORMANCE REVIEW

Pakistan's economic frailties came to the forefront during 1QFY14 as inflation surged, currency depreciated while growth estimates were slashed. Re-entry in to the IMF program (USD6.64 billion Extended Finance Facility availed) forced the Government to take some tough decisions in order to ensure multilateral agencies' support. With IMF placing stringent conditions related to FX reserve build up and removal of subsidies, inflation jumped to 7.39% in September (1QFY14 average 8.06%) after hitting a low of 5.1% in May while the rupee depreciated by 6.5% during 1QFY14 to close at 106.04 vs. the USD. Weak current account numbers (USD632 million deficit for 2MFY14) and a drive to build up the FX reserves played havoc with the exchange rate over the quarter. At one stage, the Rupee hit a record low of Rs.110 in the interbank before the SBP intervened to arrest the situation. Continuous weakness in key economic indicators and unabated government borrowing (Rs.262 billion for 1QFY14) resulted in the Central Bank taking an earlier than expected U-turn on its monetary stance as it increased the discount rate by 50bps to 9.5% in September's monetary policy statement. The hike in the discount rate ended a monetary easing cycle in which rates were cut by a cumulative 500bps over a period of over 2 years.

In the wake of worsening economic situation the IMF cut Pakistan's growth estimates to 2.3% form earlier projections of 3%. As we look towards FY13-14, it is now clear that we have entered a new phase of monetary tightening. With inflation likely to continue its upward trend due to rupee depreciation, increase in energy/fuel prices and stringent taxation measures, another 100bps policy rate hike over the course of the fiscal year is very much on the cards. Furthermore, Government borrowing is expected to remain high as foreign aid remains sporadic, privatization process is stalled while tax collection remains below targeted levels (Rs.480 billion collected in 1Q, shortfall of Rs.20 billion).

MUTUAL FUND INDUSTRY REVIEW

The fixed income segment of the mutual fund industry showed a modest growth of 1.10% from Rs.233 billion in June 2013 to Rs.236 billion in September 2013. AUMs of the income fund category fell by 6.51% to Rs.52 billion in September 2013 from Rs.55 billion in June 2013. The decline is attributable to the reversal in monetary policy direction after a prolonged spell of declining interest rate regime which forced investors to redeem from high duration investments during the quarter. As a result, money moved from higher duration income funds to lower duration money market funds.

FUND PERFORMANCE

During the quarter under review, ABL Government Securities delivered a return of 5.03%p.a. vs. the benchmark return of 8.30%. ABL GSF underperformed its benchmark by 327 bps due to substantial valuation mark downs on government securities owing to unanticipated Discount Rate hike by State Bank of Pakistan in its last monetary policy statement. During the quarter, the unit price of ABL GSF Class B increased by 1.358% to close at 10.1358 (cum dividend). Fund size decreased by 15.20% to close at Rs.1,559 million due to conversion to money market funds and redemptions at quarter end.

Keeping in view the volatile interest rate outlook, we have decreased the WAM of the portfolio to 278 days. At the end of the period, investment in government securities stood at 71.33% (treasury bills - 59.67% & PIBs - 11.66%) of assets whereas term deposits and cash holdings in banks accounted for 20.76% and 6.62% of total assets respectively.

OUTLOOK

We expect market to remain volatile in the short run due to high inflation expectations on account of sharp Rupee devaluation, hike in power tariff and increase in oil prices. With Pakistan's entrance into the IMF Extended Finance Facility during the period, stringent measures to ensure fiscal discipline have to be implemented. Going forward, we see testing time for economic managers as they need to take stringent steps in the short-term to address macro imbalances.

Going forward,ABL GSF will further reduce its duration in order to curtail volatility and give due consideration to liquidity and interest rate risk. Furthermore, we expect pressure on interest rates to remain on the higher side due to uncertain macroeconomic conditions. Hence, during2QFY14 we will focus more on short end of the yield curve and will seek to beat the benchmark through active management.

DIVIDEND

Interim dividend of Rs.0.0286 per unit (0.29% of the par value of Rs.10) for Class B units, for the month ending September 30, 2013 has been announced. This is in addition to the aggregate interim distribution of Re.0.1034 per unit (1.03% on the face value of Rs.10 per unit) already distributed.

AUDITORS

M/s. A.F. Fergusons & Co. (Chartered Accountants), have been appointed as auditors for the year ending June 30, 2014 for ABL Government Securities Fund (ABL-GSF).

FUND STABILITY RATING

JCR-VIS Credit Rating Company Ltd. (JCR-VIS) on January 17, 2013, has reaffirmed the Fund Stability Rating of 'A+(f)' (Single A plus (f)) to ABL Government Securities Fund (ABL-GSF).

These financial statements have been prepared in accordance with the approved accounting standards as applicable in Pakistan. The approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, the requirements of the Trust Deed, the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), the Non-Banking Finance and Notified Entities Regulations, 2008 (the NBFC Regulations) and the directives issued by the Securities and Exchange Commission of Pakistan (SECP). Wherever the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or the directives issued by the SECP differ with the requirements of IFRS, the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or the directives issued by the SECP prevail.

The disclosures made in these condensed interim financial statements have, however, been limited based on the requirements of International Accounting Standard 34: 'Interim Financial Reporting'. These condensed interim financial statements does not include all the information and disclosures required in a full set of financial statements and should be read in conjunction with the annual published financial statements of the Fund for the year ended June 30, 2013.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies applied for the preparation of these condensed interim financial statements are the same as those applied in the preparation of the annual published financial statements of the Fund for the year ended June 30, 2013.

The preparation of these condensed interim financial statements in conformity with approved accounting standards requires management to make estimates, assumptions and use judgments that affect the application of policies and reported amounts of assets and liabilities and income and expenses. Estimates, assumptions and judgments are continually evaluated and are based on historical experience and other factors, including reasonable expectations of future events. Revisions to accounting estimates are recognised prospectively commencing from the period of revision.

The significant judgments made by management in applying the accounting policies and the key sources of estimation of uncertainty were the same as those that applied to the financial statements as at and for the year ended June 30, 2013.

The financial risk management objectives and policies are consistent with those disclosed in the annual financial statements of the Fund for the year ended June 30, 2013.

6.1 Provision for workers' welfare fund

The Finance Act 2008 introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF Ordinance). As a result of this amendment it may be construed that all Collective Investment Schemes / mutual funds (CISs) whose income exceeds Rs. 0.5 million in a tax year, have been brought within the scope of the WWF Ordinance, thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever is higher. In this connection, a constitutional petition has been filed by certain CISs through their trustees in the Honorable High Court of Sindh (the Court), challenging the applicability of WWF to the CISs, which is pending adjudication.

During the year ended June 30, 2011, a clarification was issued by the Ministry of Labour and Manpower (the Ministry) which stated that mutual funds are not liable to contribute to WWF on the basis of their income. However, on December 14, 2010, the Ministry filed its response against the constitutional petition requesting the Court to dismiss the petition. According to the legal counsel who is handling

117,165

117,975

the case there is a contradiction between the aforementioned clarification issued by the Ministry and the response filed by the Ministry in the Court.

During the year ended June 30, 2012, the Honourable Lahore High Court (LHC) in a Constitutional Petition relating to the amendments brought in the WWF Ordinance, 1971 through the Finance Act, 2006 and the Finance Act, 2008, had declared the said amendments as unlawful and unconstitutional. In March 2013, a larger bench of the Honourable Sindh High Court (SHC) passed an order declaring that the amendments introduced in the WWF Ordinance, 1971 through the Finance Act, 2006 and the Finance Act, 2008 do not suffer from any constitutional or legal infirmity. However, the Honourable High Court of Sindh has not addressed the other amendments made in the WWF Ordinance 1971 about applicability of WWF to the CISs which is still pending before the Court. Without prejudice to the above, the Management Company, as a matter of abundant caution, has decided to retain the provision for WWF amounting to Rs 117.262 million (including Rs 0.558 million for the current period) in these condensed financial statements. Had the same not been made the net asset value per unit of the Fund as at September 30, 2013 would have been higher by Re 0.7521 per unit.

7 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at September 30, 2013.

8 PROVISION FOR FEDERAL EXCISE DUTY

As per the requirement of the Finance Act 2013, Federal Excise Duty (FED) at the rate of 16% on the remuneration of the Management Company has been applied effective June 13, 2013. The Management Company is of the view that since the remuneration is already subject to the provincial sales tax, further levy of the FED may result in double taxation, which does not appear to be the sprit of the law. The matter has been taken up collectively by the Mutual Fund Association of Pakistan where various options are being considered. During the period, the Honoarble High Court of Sindh in a Constitutional petition relating to levy of Federal Excise Duty (FED) on Mutual Fund bas granted stay order for the recovery of Federal Excise Duty (FED). As a matter of abundant caution, the Management Company has made a provision with effect from June 13, 2013, aggregating to Rs. 1,283 thousand.

9 TAXATION

The Fund's income is exempt from Income Tax as per clause (99) of part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains whether realised or unrealised is distributed amongst the unit holders. Further, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute 90% of the net accounting income other than unrealized capital gains to the unit holders. The management intends to distribute atleast 90% of the Fund's net accounting income earned by the year end to the unit holders. Accordingly, no provision in respect of taxation has been made in these condensed interim financial statements.
