ABL STOCK FUND REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

The Board of Directors of ABL Asset Management Company Limited, the management company of ABL Stock Fund (ABL-SF), is pleased to present the Condensed Interim Financial Statements (un-audited) of ABL Stock Fund for the quarter ended September 30, 2016.

ECONOMIC PERFORMANCE REVIEW

Pakistan's economic indicators remained steady during the period under review as release of last tranche by IMF under its USD6.4bn facility worth USD102mn marked successful completion of the program. This landmark was achieved by meeting majority of lender's stringent quarterly criteria which portrays government's strong willingness and commitment towards economic reforms. SBP, keeping in view uncertainties in international commodity and financial markets and its subsequent impact on country's key macroeconomic indicators maintained policy rate at record low level of 5.75%.

Increase in food prices and house rent drove inflation higher in 1QFY17, with CPI for 1QFY17 coming in at 3.86%YoY compared to 1.66%YoY in corresponding period last year. Nevertheless, the figure came in below market expectations driving FY17 inflation expectations lower.

On the external front, CAD ballooned in 2MFY17 to 2.5% of GDP as compared to 1.4% in 2MFY16, exhibiting a sharp increase of 92% YoY to USD1.3 billion in 2MFY17 as opposed to USD686 million in 2MFY16. Deterioration in current account is mainly due to 1) 13% YoY increase in trade deficit owing to declining exports amid weak global demand and rising imports as non-oil imports remain elevated due to gradual pick up in machinery imports 2) higher services deficit in the absence of CSF inflows which contributed USD337 million in 2MFY16 and 3) lower workers remittances (USD3.1 billion vis-à-vis USD3.2 billion in 2MFY16) on account of slowdown in developed markets particularly in Gulf economies. On the other hand, backed by various inflows from multilateral and bilateral agencies, FX reserves touched highest ever tally of USD23.4bn, translating into an import cover of more than 5 months for the country. As a result, Rupee largely remained stable (-0.2%OoO) against greenback in 10FY17.

The Government performance on fiscal side remained unimpressive as revenue collections reported at PKR616 billion during 1QFY17 fell short by PKR70 billion against the target of PKR686 bn. The government may have to stretch their arms in order to meet overall tax collection target of PKR3.6 trillion where possibility of a mini budget cannot be ruled out. With the end of the IMF Extended Fund Facility in sight, the GOP shifted its borrowing burden to central bank by borrowing PKR580 billion while a debt worth PKR245 billion was retired from scheduled banks during the quarter. This resulted in a net increase in borrowing of PkR334 billion for budgetary support.

Government incessant push towards energy reforms, improvement in law and order situation and subsiding domestic and geopolitical tension will bode well for the economic growth prospects of the country going forward. Furthermore, ongoing development of the China Pakistan Economic Corridor is expected to provide required impetus to the growth. That said, increasing oil prices (post the OPEC decision to freeze output levels), weak remittances and declining exports may pose major challenges for the balance of payments.

MARKET OVERVIEW

Favorable macroeconomic indicators and announcement of Pakistan's inclusion into MSCI Emerging Markets Index pushed KSE100 Index up by 7.3%QoQ to close at 40,542 points (+2,758 points) for 1QFY17 as compared to a decline of 6.1%QoQ in the same period of last year. Market showed strong resilience against continuous selling from foreign investors as net FIPI clocked in at -USD 38.5mn in 1QFY17. Commercial Banks contributed the most to market performance by adding nearly 988 points to the index as the sector is expected to be the prime beneficiary of MSCI EM status. Likewise, strong volumetric growth in Automobile sector amid low interest rates resulted into an addition of 419 points to the index. On the other hand, Fertilizer sector remained the major drag during the quarter, losing 357 points, as poor farm economics forced manufacturers to offer further price discounts in order to clear their piled up inventory. Furthermore, activity at the local bourse increased and resultantly, average daily traded volume and value improved substantially by 28% and 23% QoQ to 407mn shares and USD 123mn respectively. Loads Limited, an auto parts supplier went into book building portion of its IPO during the quarter which was oversubscribed by the market reflecting investors' optimism and ample appetite for equities.

MUTUAL FUND INDUSTRY REVIEW

Total assets under management (AUMs) of open end mutual funds recorded a massive growth of 13.1%QoQ in 1QFY17 (from PKR473 billion to PKR535 billion), mainly on account of substantial flows in equity and income funds categories. Equity funds including Conventional and Islamic equity witnessed a robust growth of 13.9% and 16.1% in AUM to close the quarter at PKR126 billion and PKR78 billion, respectively. This growth can primarily be attributed to strong market performance where all time low interest rates, upgrade to MSCI EM, optimism on CPEC and attractive valuations boosted investor confidence on risky asset classes.

FUND PERFORMANCE

ABL Stock Fund's AUM increased by 38.7% during 1QFY17 to Rs.4,429 million as on September 30, 2016 compared to Rs.3,194 million on June 30, 2016. The fund posted an absolute return of 10.67% against the benchmark return of 6.51%, yielding an outperformance of 416bps during the quarter. When measured from its inception date, ABL SF posting a return of 592.17% as compared to its benchmark performance of 199.95%, comprehensively outpacing the benchmark by a hefty 392.22%.

AUDITORS

A. F. Ferguson & Co. (Chartered Accountants), on the recommendation of the Audit Committee of the Board of Directors being eligible for appointment have been appointed as auditors for the year ending June 30, 2017 for ABL Stock Fund (ABL-SF).

FUND STABILITY RATING

JCR-VIS Credit Rating Company Ltd. (JCR-VIS) on February 4, 2016 assigned MFR 3-Star (based on Three Year weighted average ranking) to ABL-SF, which denotes 'average performance'.

MANAGEMENT OUALITY RATING

On May 04, 2016, JCR-VIS Credit Rating Company Limited has harmonized its notations for the Management Quality Rating of ABL Asset Management Limited (ABL AMC) at 'AM Two Plus' (AM2+). Outlook on the assigned rating is 'Stable'.

OUTLOOK

Strong macroeconomic indicators will continue to complement market re-rating theme, setting aside geopolitical tensions. This is reflected in the solid interest received from local and foreign 'strategic investors' for acquiring equity stake in Pakistan Stock Exchange. Similarly, strong expected foreign direct investments on the back of initiation of CPEC related projects should trigger overall economic activity. Furthermore, official inclusion of Pakistan into the MSCI Emerging Market index by June 2017 would be a key event to look for which will likely prop up foreign inflows from emerging market funds given attractive valuations on offer. The market currently trades at 2017E PE of 8.8x, a discount of 34% compared to MSCI EM's PE of 11.8x, and offers an attractive dividend yield of 5.9%.

ACKNOWLEDGEMENT

We thank our valued investors who have placed their confidence in us. The Board is also thankful to Securities & Exchange Commission of Pakistan, the Trustee (Central Depository Company of Pakistan Limited) and the management of Pakistan Stock Exchange Limited for their continued guidance and support. The Directors also appreciate the efforts put in by the management team.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These condensed interim financial statements have been prepared in accordance with the approved accounting standards as applicable in Pakistan. The approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, the requirements of the Trust Deed, the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), the Non-Banking Finance and Notified Entities Regulations, 2008 (the NBFC Regulations) and the directives issued by the Securities and Exchange Commission of Pakistan (SECP). Wherever the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or the directives issued by the SECP differ with the requirements of IFRS, the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or the directives issued by the SECP prevail.

The disclosures made in these condensed interim financial statements have, however, been limited based on the requirements of International Accounting Standard 34: 'Interim Financial Reporting'. These condensed interim financial statements does not include all the information and disclosures required in a full set of financial

statements and should be read in conjunction with the annual published financial statements of the Fund for the year ended June 30, 2016.

3 ACCOUNTING POLICIES

4

The accounting policies applied for the preparation of these condensed interim financial statements are the same as those applied in the preparation of the annual published financial statements of the Fund for the year ended June 30, 2016.

The preparation of these condensed interim financial statements in conformity with approved accounting standards requires management to make estimates, assumptions and use judgments that affect the application of policies and reported amounts of assets and liabilities and income and expenses. Estimates, assumptions and judgments are continually evaluated and are based on historical experience and other factors, including reasonable expectations of future events. Revisions to accounting estimates are recognised prospectively commencing from the period of revision.

The significant judgments made by management in applying the accounting policies and the key sources of estimation of uncertainty were the same as those that applied to the financial statements as at and for the year ended June 30, 2016.

The financial risk management objectives and policies are consistent with those disclosed in the annual financial statements of the Fund for the year ended June 30, 2016.

5.2.1 The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001. As a result of these amendments, companies are liable to withheld bonus shares at the rate of 5 percent. In accordance with the requirement of the Ordinance these shares shall only be released if the fund deposit tax equivalent to 5% of the value of the bonus shares issued. The value of tax is computed on the basis of day-end price on the first day of book closure.

In this regard, a constitution petition has been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs, which is pending adjudication. The petition is based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should not be applicable on bonus shares received by CISs. A stay order has been granted by the High Court of Sindh in favour of CISs.

As at September 30, 2016, the following bonus shares of the Fund were withheld by certain companies at the time of bonus declaration. The Fund has included these shares in its portfolio, as the management believes that the decision of the constitutional petition will be in favour of the CISs.

- 6.1 The Provincial Government of Sindh has levied Sindh sales tax at the rate of 13% (June 30, 2016: 14%) on the remuneration of the Management Company through the Sindh Sales Tax on Services Act, 2011.
- 6.2 As per the requirement of the Finance Act, 2013, Federal Excise Duty (FED) at the rate of 16% on the remuneration of the Management Company has been applied effective June 13, 2013. The Management Company is of the view that since the remuneration is already subject to the provincial sales tax, further levy of FED may result in double taxation, which does not appear to be the spirit of the law.

On 4 September 2013, a Constitutional Petition was filed in the Honorable Sindh High Court (SHC) jointly by various asset management Companies, together with their representative Collective Investment Schemes through their trustees, challenging the levy of FED.

Subsequent to year ended June 30, 2016, the SHC has passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) have been set aside.

With effect from 1 July 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

In view of the above, the Fund has discontinued making further provision in respect of FED on management fee from July 01, 2016. The provision made till June 30, 2016, aggregating to Rs. 17.569 million (2015: Rs. 8.672 million) (including Rs. 8.896 million for the current year) has not been reversed. Had the provision not been made, the Net Asset Value per unit of the Fund as at September 30, 2016 would have been higher by 0.0630 (2016: 0.0792) per unit.

6.3 The Management Company of the Fund is entitled to reimbursement of fees and expenses incurred by the Management Company in relation to registrar services, accounting, operation and valuation services related to collective investment schemes upto maximum of 0.1% of the average annual net assets of the scheme or actual whichever is less.

7.1 Provision for Workers' Welfare Fund

7.1.1 The Finance Act, 2008 introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF Ordinance). As a result of this amendment it was construed that all Collective Investment Schemes / mutual funds (CISs) whose income exceeds Rs. 0.5 million in a tax year, have been brought within the scope of WWF Ordinance, thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever is higher. In this regard, a constitutional petition was filed by certain CISs through their Trustees in the Honourable High Court of Sindh (SHC), challenging the applicability of WWF to CISs, which is pending for adjudication.

During the year ended June 30, 2012, the Honourable Lahore High Court (LHC) in a Constitutional Petition relating to the amendments brought in the WWF Ordinance, 1971 through the Finance Act, 2006 and the Finance Act, 2008 declared the said amendments as unlawful and unconstitutional. In March 2013, a larger bench of the Sindh High Court (SHC) in various Constitutional Petitions declared that amendments brought in the WWF Ordinance, 1971 through the Finance Act, 2006 and the Finance Act, 2008 do not suffer from any constitutional or legal infirmity. However, the Honourable High Court of Sindh has not addressed the other amendments made in WWF Ordinance, 1971 about applicability of WWF to the CISs which is still pending before the court. In May 2014, the Peshawar High Court (PHC) has also held these amendments to be ultra vires as they lacked the essential mandate to be introduced and passed through the Money Bill under the Constitution. Without prejudice to the above, the Management Company, as a matter of prudence and abundant caution, has made provision for WWF amounting to Rs 25.199 million up to June 30, 2015. Had the same not been made the net asset value per unit of the Fund as at June 30, 2016 would have been higher by Re 0.0903 per unit (June 30, 2016: Re. 0.113 per unit).

7.1.2 The Finance Act, 2015 has excluded Mutual Funds and Collective Investment Schemes from the definition of 'Industrial establishment' subject to WWF under the WWF Ordinance, 1971. Accordingly, no further provision of WWF has been made from July 1, 2015. However, provision made till June 30, 2015 has not been reversed as the above law suit is still pending in SHC.

Further, Sindh Workers Welfare Fund (SWWF) Act 2014 enacted in June 2015 requires every Industrial Establishment located in the province of Sindh and having total income of Rs. 500,000 or more, to pay two percent of so much of its total income declared to SWWF. The said Act includes any concern engaged in the Banking or Financial Institution in the definition of "Industrial Undertaking" but does not define Financial Institution. The Management Company, based on the opinion obtained by MUFAP from its advisor who is of the view that Collective Investment Schemes (CIS) are not financial institutions, believes that SWWF is not applicable on the Fund.

8 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at September 30, 2016 and June 30, 2016.

9 TAXATION

The Fund's income is exempt from Income Tax as per clause 99 of part I of the Second Schedule of the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains whether realised or unrealised is distributed amongst the unit holders. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute 90% of the net accounting income other than capital gains to the unit holders. The management intends to distribute at least 90% of the Fund's accounting income for the year ending 30 June 2015 as reduced by capital gain (whether realised or unrealised) to the unit holders. The Fund is also exempt from the provisions of Section 113 (minimum tax) under Clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Accordingly, no provision for taxation has been made in this financial statements.

10 EARNINGS PER UNIT (EPU)

Earnings per unit has not been disclosed as in the opinion of the management determination of cumulative weighted average number of outstanding units for calculation of EPU is not practicable.

11 Total Expense Ratio (TER)

The Scheme has maintained Total expense ratio (TER) 0.79% (0.09% representing Government Levies, WWF and SECP Fee).
