REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

The Board of Directors of ABL Asset Management Company Limited, the management company of Income Fund (ABL-IF), is pleased to present the Audited Financial Statements of ABL Income Fund for the year ended on June 30, 2019.

ECONOMIC PERFORMANCE REVIEW

The outgoing year was an election year where a new political setup came into power. While the initiatives of the new government seemed to serve a noble cause, the seemingly haphazard approach to policy making created a tense environment for all stakeholders of the economy. On the external front, FY19 Current Account of Balance of Payment showed a marked improvement where the deficit stood at USD 13,587 million as compared to USD 19,897 million during the same period last year. Despite a 31.7% PKR/USD devaluation over FY19 following 16% in FY18, exports remained stunted; declining by 1.8% during FY19 while imports also dropped by 8.8%. Apart from the improvement in trade deficit, 9.7% higher remittances from overseas Pakistanis (USD 21,842 million during FY19) added to the relief. However, a continued plunge in the country's foreign exchange reserves, where SBP import cover dropped to around 1.6 months (from 4 months and 2.1 months for FY17 and FY18, respectively), took them to USD 14.4 billion as compared to USD 16.4 billion last year. This includes foreign assistances received from Saudi Arabia, China, and UAE during the latter half of FY19. Apart from arranging alternate sources for funding the external account, an IMF package of USD 6.0 billion during the next 39 months, has now been negotiated, that would potentially unleash the potential of further assistance of USD 38.0 billion from multilateral and bilateral sources over the course of the IMF program.

Pakistan's GDP growth slowed down to 3.2% in FY19 from 5.2% in FY18. This was majorly led by 0.3% contraction in the Manufacturing sector, which itself was a result of sharp monetary and fiscal tightening measures undertaken by the PTI government. Major slowdown was seen in Construction & Allied and Consumer related sectors. Poor cotton crop also dragged the Agriculture segment growth to only 0.9% YoY compared to 3.8% YoY in FY18.

Inflation averaged 7.3% during FY19 compared to 3.9% in FY18 (3.6% average for prior 3 years), where it averaged 8.6% in 2HFY19. Major reasons for the uptick in CPI readings were (i) PKR/USD depreciation of 31.7%, (ii) sharp increases in power and gas tariffs, and (iii) stronger Food inflation at the end of the year. Core inflation, however, was less volatile and averaged 7.9% YoY during the year. In

response to (i) strong uptick in inflation, (ii) still-high current account deficit, and (iii) pre-program conditions of IMF, the State Bank of Pakistan (SBP) increased the policy rate by 575bps during the year.

Fiscal deficit remained high at 7.3% of GDP during FY19 because of limited growth in tax revenue while most of the savings were eroded by higher debt servicing. Tax collection in FY19 remained at PKR 3,762 billion against PKR 3,842 billion collected last year, reflecting a decrease of 2.1% YoY. Despite the announcement of amnesty scheme, FBR seems lagged behind its revised tax collection target of PKR 4,150 billion, reflecting a shortfall of PKR 388 billion. The fiscal deficit matter is also being addressed in the recently announced FY20 budget with focus placed on enhancing revenues to PKR 5,500 billion by broadening the tax base.

MUTUAL FUND INDUSTRY REVIEW

Total Assets under Management (AUMs) of Pakistan’s open-end mutual fund industry continued the declining trend as they posted a decrease of 14%YoY in FY19 from PKR 668 billion to PKR 571 billion, followed by 1.7%YoY decline in FY18. This reduction was predominantly led by the Islamic and conventional Equity categories which slide by 26% and 40%, respectively. Sluggish equity market performance and higher interest rates environment shifted the investor interest in the money market funds, as AUMs under the Islamic money market funds increased by 76% in FY19.

On a cumulative basis, the fixed income category (comprising of income, aggressive income and money market funds) registered a marginal increase of 0.22%YoY to close at PKR 191 billion in FY19 compared to PKR 190.8 billion in FY18. Rising interest rates tend the investors to focus on shorter duration money market funds which witnessed an increase of 9%YoY to PKR 135 billion in FY19 compared to PKR 123 billion in FY18. On the other hand, Islamic income funds AUMs (comprising of Islamic income, Islamic money market and Islamic aggressive income) increased by 38%YoY to PKR 91 billion in FY19 compared to PKR 66 billion in FY18, largely due to increasing investor interest in Islamic investments.

OBJECTIVE

The objective of ABL Income Fund is to earn superior risk adjusted rate of return by investing in a blend of short, medium and long term debt instruments, both within and outside Pakistan.

FIXED INCOME MARKET REVIEW

During the period under review, the money market maintained an upward trajectory amid frequent hikes in key interest rates. As a result, the market maintained a shorter duration and avoided heavy participation in longer duration instruments. Upward revision in utility prices and reduction/withdrawal of government subsidies along with considerable devaluation of PKR against USD added to inflation. As a result, SBP raised the policy rate by 575bps with six intervals in contrast to the 75bps in the SPLY. The policy rate increased from 6.5% to 12.25% in May 2019 where 150bps increase was witnessed in 4QFY19 alone.

Inflation clocked in at ~7.32%YoY for FY19 as compared to ~3.9%YoY in FY18. The higher inflation was the result of higher transport, housing, electricity, gas and food prices. While the headline inflation remained in check during the year, pressure on the external side continued to disrupt the position of Pak Rupee in the international market raising concerns regarding spike in inflation.

Pakistan investment bonds (PIBs) trading yields went up ranging from 469bps to 719bps, with a significant tilt towards shorter tenor instruments. During the year, money market witnessed a seasonal lack of liquidity as SBP continued with frequent open market operations (OMOs). At the end of the year, the SBP remained a net lender of worth PKR 702 billion under single reverse repo arrangement at a cut-off rate 12.38%.

On the T-bills side, the 3-Month cut off yields increased from 6.26% to 12.75%. During the year, participation in 6 & 12 Month T-bills remained subdued due to the continuous rise in interest rates. The cut off rates for 6 Months however increased from 6.85% to 12.80% whereas the bond cut off yields for 3, 5 & 10 years closed at 13.70%, 13.80% & 13.60% respectively.

FUND PERFORMANCE

During the year FY'19, ABL Income Fund witnessed a decline in Fund Size as the Fund's Net Assets at the end of Jun'19 declined to PKR 1.692 billion as compared to PKR 2.810 billion as on June 30, 2018. The AUMs for Income Fund were reduced due to market trend of investors shifting from longer duration funds to shorter duration funds. The portfolio's allocation however remained heavy in high quality floating rate instruments, such as TFCs and Sukuks in order to keep the portfolio duration low.

During the period, ABL IF posted an annualized return of 7.12% against its benchmark return of 10.30% therefore the fund underperformed the benchmark by a significant margin. The underperformance can be attributed towards a high total expense ratio (TER) of the fund and adverse movement in market prices of debt instruments. The return however was supported by investment in TDRs and DPAs at exceptional profit rates along with timely exposure in Spread Transactions. We, in general, maintained a moderate to low portfolio duration with floating rate notes repricing quarterly and semi-annually. As a result, investment in cash deposits stood at 36.08% whereas exposure in TFCs stood at 33.81% of the fund. At year end, WAM of the portfolio was closed to 813 days.

AUDITORS

M/s. A.F. Fergusons & Co. (Chartered Accountants), have been re-appointed as auditors for the year ending June 30, 2019 for ABL Income Fund (ABL-IF).

FUND STABILITY RATING

JCR-VIS Credit Rating Company Ltd. (JCR-VIS) on January 16, 2019, reaffirmed the Fund Stability Rating of ABL Income Fund at 'A(f)' (Single A(f)).

MANAGEMENT QUALITY RATING

On December 31, 2018, JCR-VIS Credit Rating Company Limited (JCR-VIS) has reaffirmed the Management Quality Rating of ABL Asset Management Company Limited (ABL AMC) to 'AM2++' (AM-Two-Double Plus) from 'AM2+' (AM Two Plus). Outlook on the assigned rating is 'Stable'.

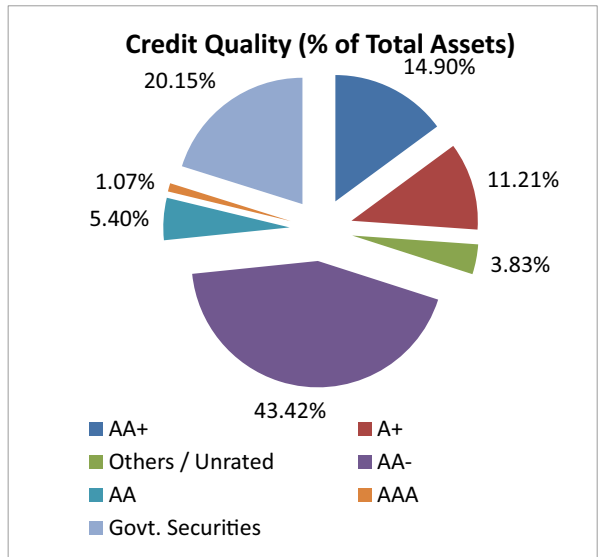

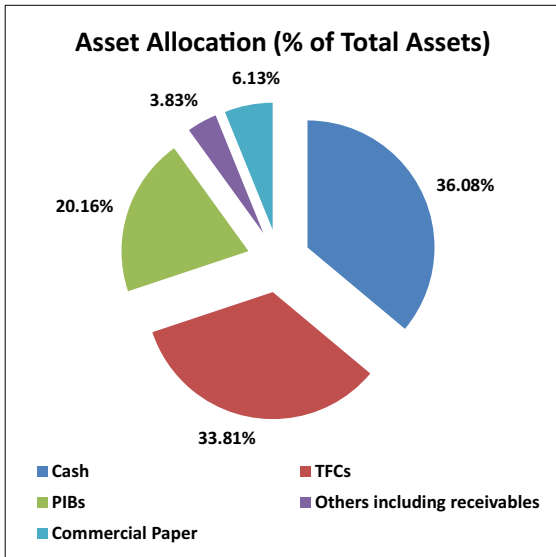

OUTLOOK AND STRATEGY

We expect the monetary tightening cycle to have achieved its peak after an increase of 750 bps in policy rate as the inflationary pressures are expected to soften towards end of FY20 along with improvements on Balance of Payments front. The improvements in CAD can already be witnessed. While most of the economic indicators are moving in the right direction, unfavorable movements in international oil prices continue to pose a threat.

Going forward, the fund shall review its policy of shorter tenor duration while initiating and maintaining exposure in long term instruments such as 3 & 5 years PIBs.

INDEPENDENT AUDITOR'S REPORT

To the Unit holders of ABL Income Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of ABL Income Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2019, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2019, and of its financial performance, its cash flows and transactions for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor’s report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund’s financial reporting process.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Noman Abbas Sheikh**.

ABL INCOME FUND

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2019

1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 ABL Income Fund (the Fund) is an open ended mutual fund constituted under a Trust Deed entered into on June 16, 2008 between ABL Asset Management Company as the Management Company and Central Depository Company of Pakistan Limited as the Trustee. The Trust Deed has been revised through the Deed of Change of Trustee and the First and Second Supplemental Trust Deeds dated September 30, 2010 and July 29, 2011 respectively with the approval of the Securities and Exchange Commission of Pakistan (SECP). Furthermore, the Offering Document of the Fund has been revised through the First, Second, Third and Fourth Supplements dated November 1, 2010, September 20, 2011, December 20, 2011, and July 30, 2013 respectively with the approval of the Securities and Exchange Commission of Pakistan (SECP). The Securities and Exchange Commission of Pakistan (SECP) authorised constitution of the Trust Deed vide letter no. NBFC - II/VS/ ABL/ 447/ 2008 dated June 06, 2008 in accordance with the requirement of the Non-Banking Finance Companies and Notified Entities Regulation, 2008.

The Management Company of the Fund has been licensed to act as an Asset Management Company under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) through a certificate of registration issued by the SECP. The registered office of the Management Company is situated at Plot No. 14, Main Boulevard, DHA Phase 6, Lahore. The Management Company is a member of the Mutual Funds Association of Pakistan (MUFAP).

1.2 The Fund has been categorised as an open ended income scheme by the Board of Directors of the Management Company pursuant to the provisions contained in Circular 7 of 2009 and is listed on the Pakistan Stock Exchange Limited. The units of the Fund were initially offered for public subscription at a par value of Rs 10 per unit. Thereafter, the units are being offered for public subscription on a continuous basis from September 20, 2008 and are transferable and redeemable by surrendering them to the Fund.

1.3 The objective of the Fund is to earn superior risk adjusted rate of return by investing in a blend of short, medium and long-term instruments, both within and outside Pakistan which the Fund aims to deliver mainly by investing in equity securities, government securities, cash in bank accounts, money market placements, deposits, Certificates of Deposits, Term Deposit Receipts, commercial papers, term finance certificates / sukuku, spread transactions other absolute return instruments that may be allowed by the SECP. The investment objectives and policies are explained in the Fund's offering document.

1.4 The title to the assets of the Fund is held in the name of the Central Depository Company of Pakistan Limited as the Trustee of the Fund.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIII A of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIII A of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIII A of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to published approved accounting standards that are effective in the current year:

Effective from July 01, 2018, the Fund has adopted IFRS 9: "Financial Instruments" which has replaced IAS 39: "Financial Instruments: Recognition and Measurement". The standard addresses recognition, classification, measurement and derecognition of financial assets and financial liabilities. The standard has also introduced a new impairment model for financial assets which requires recognition of impairment charge based on 'expected credit losses' (ECL) approach rather than 'incurred credit losses' approach, as previously given under IAS 39. However, the SECP vide its letter dated November 21, 2017, has deferred the applicability of requirements relating to impairment for debt securities on mutual funds till further instructions. Currently, the Asset Management Companies are required to continue to follow the requirements of Circular 33 of 2012 for impairment of debt securities. Furthermore, the ECL has an impact on all other assets of the Fund which are exposed to credit risk. However, majority of the assets of the Fund other than debt securities (for which there is a separate criteria as mentioned above) that are exposed to credit risk pertain to counter parties which have high credit rating. Therefore, the management believes that the impact of ECL would be very minimal and hence, the same has not been accounted for in these financial statements.

IFRS 9 has provided a criteria for debt securities whereby debt securities are either classified as (a) amortised cost or (b) at fair value through other comprehensive income ("FVOCI") or (c) at fair value through profit or loss (FVTPL) based on the business model of the entity. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Furthermore, the collection of contractual cash flows for debt securities is only incidental to achieving the Fund's business model's objective.

IFRS 9 requires securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis to be recognised as FVTPL. The management considers its investment in debt securities being managed as a group of assets and hence has classified them as FVTPL. Accordingly, the Fund's investment portfolio continues to be classified as fair value through profit or loss and other financial assets which are held for collection continue to be measured at amortised cost.

The adoption of IFRS 9 did not have any impact on classification and measurement of financial assets and financial liabilities on the date of its adoption.

2.2.1 There are certain other amended standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2018 but are considered not to be relevant or do not have any significant effect on the Fund's operations and are, therefore, not disclosed in these financial statements.

2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective:

The following amendments to published accounting and reporting standards would be effective from the dates mentioned below against the respective amendments:

Standards, interpretations and amendments	Effective date (accounting periods beginning on or after)
IFRS 9 - 'Financial instruments' (amendment)	January 1, 2019
IAS 1 - 'Presentation of financial statements' (amendment)	January 1, 2020
IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendment)	January 1, 2020

The Management is currently in the process of assessing the full impact of these amendments on the financial statements of the Fund.

2.3.1 There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2019 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are, therefore, not disclosed in these financial statements.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the accounting and reporting standards requires the management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgments and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgments that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 3.2 and 5), provision for SWWF (note 11.1), provision for Federal Excise Duty (note 8.3) and provision for taxation (notes 3.11 and 16).

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention except that investments have been carried at fair values.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupee, which is the Fund's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years except for the change in accounting policy as explained in note 2.2 to these financial statements.

3.1 Cash and cash equivalents

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

3.2 Financial assets

3.2.1 Classification and subsequent measurement

Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- amortised cost
- at fair value through other comprehensive income “(FVOCI)”
- at fair value through profit or loss (FVTPL)

based on the business model of the entity.

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognised at FVTPL. Therefore the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVTPL.

3.2.2 Impairment

The Fund assesses at each reporting date whether there is objective evidence that a financial asset or a group of financial assets is impaired. If such an indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds the recoverable amount.

3.2.3 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, in accordance with the provisioning policy duly approved by the Board of Directors.

3.2.4 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.2.5 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

3.2.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

3.2.7 Derivatives

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

3.3 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

3.4 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

3.5 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.6 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the application received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption application during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

3.7 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also include portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.8 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund will be refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.9 Revenue recognition

- Gains / (losses) arising on sale of investments are recorded at the date at which the transaction takes place.
- Income from investments in term finance certificates / sukuks and government securities is recognised on an accrual basis using effective interest method.
- Unrealised gains / (losses) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are recorded in the period in which these arise.
- Interest income on bank balances, commercial papers and placements is recognised on an accrual basis.
- Dividend income is recognised when the right to receive the dividend is established.

3.10 Expenses

All expenses including management fee and trustee fee are recognised in the Income Statement on an accrual basis.

3.11 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed to the unit holders in cash.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

3.12 Earnings per unit

Earnings per unit is calculated by dividing the net income of the year before taxation of the Fund by the weighted average number of units outstanding during the year.

3.13 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistan Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

- 7.1 As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, withholding tax on profit on bank deposit paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholder. The tax withheld on profit on bank deposits amounts to Rs. 3.077 million.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund bank deposits has been shown as other receivable as at June 30, 2019 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

8 PAYABLE TO ABL ASSET MANAGEMENT COMPANY LIMITED - MANAGEMENT COMPANY - RELATED PARTY	Note	2019	2018
		-----Rupees in '000-----

Punjab Sales Tax payable on remuneration of the Management Company	8.2	3,137	3,306
Federal Excise Duty payable on remuneration of the Management Company	8.3	19,142	19,142

Selling and marketing expenses payable	8.5	3,431	780
Sales load payable		-	35
		28,765	27,190

- 8.1 As per NBFC Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding 1.5% of the average annual net assets in case of income schemes. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate of 1.5% (2018: 1.5%) per annum of the average net assets of the Fund during the year ended June 30, 2019. The remuneration is payable to the Management Company monthly in arrears.
- 8.2 During the year, an amount of Rs. 4.908 million (2018: Rs 8.888 million) was charged on account of sales tax on management fee levied through Punjab Sales Tax on Services Act, 2011 at the rate of 16% (2018: 16%).
- 8.3 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 01, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs 19.142 million is being retained in these financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision for FED not been made, the Net Asset Value of the Fund as at June 30, 2019 would have been higher by Re 0.114 (2018: Re 0.072) per unit.

- 8.4** Uptil June 19, 2019 in accordance with Regulation 60 of the NBFC Regulations, the Management Company was entitled to charge expenses related to registrar services, accounting, operations and valuation services, related to a Collective Investment Scheme (CIS) at the rate of 0.1% of the average annual net assets of the scheme or actual whichever is less. During the year, SECP vide SRO 639 dated June 20, 2019 has removed the maximum cap of 0.1%. Accordingly, the Management Company can now charge actual expenses related to registrar services, accounting, operations and valuation services to the CIS with effect from June 20, 2019.

However, the management continued to charge expenses at the rate of 0.1 percent of the average annual net assets of the Fund for both the periods i.e from July 1, 2018 to June 19, 2019 and from June 20, 2019 to June 30, 2019, being lower than actual expenses.

- 8.5** The SECP has allowed the Asset Management Companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) initially for three years (from January 1, 2017 till December 31, 2019). The maximum cap of selling and marketing expense shall be 0.4% per annum of net assets of the fund or actual expenses whichever is lower. Accordingly, the Management Company has charged selling and marketing expenses amounting to Rs. 8.177 million at the rate of 0.4% of the net assets of the Fund being lower than actual expenses chargeable to the Fund for the year.

11.1 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs/mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

The Fund has made provision for SWWF from May 21, 2015 till June 30, 2017 amounting to Rs 4,183 million as the decision in this respect is pending to date. The Fund has not made any provision for SWWF after July 01, 2017 as the registered office of the Management Company of the Fund has been relocated from the Province of Sindh to the Province of Punjab.

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2017, the net asset value of the Fund as at June 30, 2019 would have been higher by Rs 0.025 (2018: Rs 0.016) per unit.

12 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2019 and June 30, 2018.

15 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2019 is 2.55% (2018: 2.12%) which includes 0.33% (2018: 0.33%) representing government levies on the Fund such as sales taxes, annual fee to the SECP, etc. This ratio is within the maximum limit of 2.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as a income scheme.

16 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2019 to the unit holders in the manner as explained above no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

17 EARNINGS PER UNIT

Earnings per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

18 TRANSACTIONS WITH RELATED PARTIES / CONNECTED PERSONS

18.1 Connected persons include ABL Asset Management Company Limited being the Management Company, the Central Depository Company of Pakistan Limited being the Trustee, other collective investment schemes managed by the Management Company, any entity in which the Management Company, its CISs or their connected persons have material interest, any person or company beneficially owning directly or indirectly ten percent or more of the capital of the Management Company or the net assets of the Fund, directors and their close family members and key management personnel of the Management Company.

18.2 Transactions with connected persons are executed on an arm's length basis and essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, sales load, other charges and distribution payments to connected persons. The transactions with connected persons are in the normal course of business, at contracted rates and at terms determined in accordance with market rates.

18.3 Remuneration to the Management Company of the Fund is determined in accordance with the provisions of the NBFC Regulations, 2008.

18.4 Remuneration to the Trustee of the Fund is determined in accordance with the provisions of the NBFC Regulations, 2008 and the Trust Deed.

21 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

21.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: yield / interest rate risk, currency risk, and price risk.

(i) Yield / interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2019, the Fund is exposed to such risk on investments in term finance, Pakistan investment bonds, commercial paper and sukuk certificates and its accrued markup. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds KIBOR based term finance and sukuks certificates and accrued mark-up on balances with banks which expose the Fund to cash flow interest rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income for the year and net assets of the Fund would have been higher/lower by Rs. 7.464 million (2018: Rs. 8.663 million).

b) Sensitivity analysis for fixed rate instruments

As at 30 June 2019, the Fund does not hold any fixed rate instrument that may expose the Fund to fair value interest rate risk.

The composition of the Fund's investment portfolio, KIBOR rates and the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2019 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2019 can be determined as follows:

----- 2019 -----

Cumulative interest rate sensitivity gap		1,924,427	1,924,427	2,781,198	

(ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

Equity price risk is the risk that the fair value of equity instruments decreases as a result of changes in the level of equity indices and the value of individual stocks. The Fund does not have any investment in equity securities as of June 30, 2018.

21.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

21.3 Credit risk

21.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

	2019		2018	
	Balance as per statement of assets and	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk

	<u>1,782,560</u>	<u>1,405,919</u>	<u>2,845,928</u>	<u>2,844,876</u>

The maximum exposure to credit risk before any credit enhancement as at June 30, 2019 is the carrying amount of the financial assets.

21.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and mark-up accrued thereon, investments in term finance, sukuk certificates and commercial papers. The credit rating profile of balances with banks and investment in debt securities is as follows:

Rating	% of financial assets exposed to credit risk	
	2019	2018

22 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the reporting date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2019 and June 30, 2018, the Fund held the following financial instruments measured at fair values:

	2019			
	Level 1	Level 2	Level 3	Total
	----- Rupees in '000 -----			
At fair value through profit or loss				
Term finance certificates - unlisted	-	507,846	-	507,846
Sukuk certificates - listed	-	94,817	-	94,817
Government securities - Pakistan Investment Bonds	-	359,346	-	359,346

	-	1,071,265	-	1,071,265

	2018			
	Level 1	Level 2	Level 3	Total
At fair value through profit or loss				
Term finance certificates - listed	-	161,242	-	161,242
Term finance certificates - unlisted	-	611,361	-	611,361
Sukuk certificates - listed	-	84,168	-	84,168
	-	856,771	-	856,771

* The valuation of commercial papers has been done based on amortisation of commercial paper to its fair value as per the guidelines given in Circular 33 of 2012 since the residual maturity of this investment is less than six months and are placed with counterparties which have high credit rating.

23 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown in the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, 2008 every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 21, the Fund endeavors to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

محاسب کار :-

میرزفرگون اینڈ کمپنی (چارٹرڈ اکاؤنٹنٹس) کو اے بی ایل کیس فنڈ (ABL-CF) کا برائے مالی سال 30 جون 2019 تک محاسب کا مقرر کیا گیا۔

فنڈ کے استحکام کی درجہ بندی :

16 جنوری 2019 کو JCR-VIS کریڈٹ ریٹنگ کمپنی لمیٹیڈ نے فنڈ کے استحکام کی درجہ بندی میں اے بی ایل گورنمنٹ سیکورٹیز فنڈ کو A (f) Single 'A(f)' قرار دیا ہے۔

انتظامی معیار کی درجہ بندی :

31 دسمبر 2018 کو JCR-VIS کریڈٹ ریٹنگ کمپنی لمیٹیڈ نے اے بی ایل ایسٹ منجمنٹ کمپنی لمیٹیڈ کی انتظامی معیار کی درجہ بندی کو AM 2 + سے AM2++ (Two Double Plus) قرار دیا۔ متعین کردہ حد بندی کے لحاظ سے منظم ہے۔

جانزہ :-

ہمارے خیال میں موجود شرح سود بلندی سطح تک پہنچنے والی ہے اور روپیہ پہلے ہی ڈالر کے مقابلے میں گھٹ چکا ہے PEER جو 103.31 پر بند ہوا۔ ہم سمجھتے ہیں کہ یہ ہی صحیح وقت ہے جب بنیادی طور پر تین اور پانچ سال تک کے بانڈز میں زیادہ توجہ دیتے ہوئے درمیانی مدت کے PIB (پاکستان انویسٹمنٹ بانڈز) سرمایہ کاری کی جائے۔ اوپر بیان کی گئی صورتحال کی روشنی میں ABL-GSF زیادہ بہتر طریقے سے تین اور پانچ سال کے PIBs کے درمیان پیداوار میں وسیع پھیلاؤ کا فائدہ اٹھاتے ہوئے ٹریڈ کریگا۔ اور نتیجتاً فنڈ وزن میں اوسط دورانیہ اور وزن میں اوسط پائیدار اعلیٰ سطح پر رہنا جاری رکھے گے۔

توثیق :

ہم اپنے گرانقدر سرمایہ کاروں کا شکریہ ادا کرتے ہیں جنہوں نے ہم پر اپنا اعتماد کیا منتظمین بھی سیکورٹیز اینڈ ایکسچینج کمیشن آف پاکستان کا بڑی سینٹرل ڈیپازٹری کمپنی آف پاکستان لمیٹیڈ کا اور پاکستان اسٹاک ایکسچینج کی انتظامیہ کا ان کی مسلسل رہنمائی اور معاونت پر مشکور ہیں۔ منتظمین انتظامی اراکین کی جانب سے کی گئی کاوشوں کو بھی سراہتے ہیں۔

فنڈ کی کارکردگی:

اسے بی ایل انکم فنڈ (ABL-IF) نے زیر الجائزہ مدت کے دوران 6.35% کارڈن کیا ہے جبکہ مقرر کردہ معیار 9.61% کا تھا پالیسی ریٹ میں 500bps کے خاطر خواہ اضافہ کی وجہ سے جو کہ 5.75% سے 10.75% تک ہو گیا۔ فنڈ نے اپنی حکمت عملی پر نظر ثانی کرتے ہوئے مختصر المعیاد کے پورٹ فولیوز پر توجہ کرنی اور PIBs کی طرف سے توجہ بٹالی اس سہ ماہی کے دوران ABL انکم فنڈ کا سائز 69.02% بڑھ کر دسمبر 2018 میں PKR. 2,031,66 ملین روپے سے مارچ 2019 میں 1,202.05 ملین روپے تک پہنچ گیا اس سہ ماہی کے دوران فنڈ کے WAM 788 دن مارچ 2019 میں ہو گئے جبکہ دسمبر 2018 کے آخر میں یہ 1209 دن تھے۔ نتیجتاً فنڈ کے اثاثہ جات کی تقسیم 31 مارچ 2019 میں 52.30% کیش میں، 18.55% PIBs میں، 0.00% ٹریڈی بل میں اور 26.26% کارپوریٹ TFCs / سکوک میں تھیں۔ مارچ کے آخر میں بینکوں کی طرف بہتر آفرز کی وجہ بینکوں میں ڈیپازٹ بڑھ گئے۔

آگے چلتے ہوئے ہم امید کرتے ہیں کہ IMF کے تیل آؤٹ پٹنگ پر دستخط کے بعد بیرونی اکاؤنٹ پر آسانی ہوگی موجودہ اکاؤنٹ کا خسارہ بیرونی ملک کارکنوں کی ترسیلات میں میں رمضان المبارک کے بعد عید الفطر کے موقع پر زیادتی کی وجہ سے اور روپے کی قیمت میں کمی کی وجہ سے درآمدات میں کمی کی وجہ سے کنٹرول میں رہنے کی توقع ہے۔ مہنگائی اسٹیٹ بینک کے دیئے گئے حدف کے مطابق %75-6.5 تک رہنے کی توقع ہے۔ گورنمنٹ کی طرف سے ایک اور ٹیکس ایمنسٹی اسکیم کے اعلان کی توقع ہے تاکہ محصولات کی وصولی کا درازہ وسیع ہو جائے اور مالی خسارے کو کم کیا جائے مالی سال 2020 کا بجٹ بھی ملک کے مستقبل میں ایک اہم کردار ادا کرے گا ان تمام عناصر کو ایک طرف رکھتے ہوئے سازگار سیاسی ماحول چیزوں کو پلان کے مطابق چلانے میں ایک بنیادی محرک ہوگا۔

مشترکہ فنڈ کی صنعت کا جائزہ :

اوپن اینڈ فنڈ کی صنعت کے زیر انتظام (اثاثہ جات AUM) 3QF19 کے دوران مستحکم رہے صرف ایک معمولی %0.16 کی گراؤٹ کا مظاہرہ کیا (630 ارب روپے سے 629 ارب روپے) جس کی بنیادی اصل وجہ غیر یقینی معاشی صورتحال اور کلیاتی معاشیات کے محرکات کی بہتری تھی جو کہ گزشتہ سال اسی مدت کے برعکس ہے جب اثاثہ جات AUM میں %10 کا اضافہ ہوا اور یہ مارچ 2018 کے اختتام تک 704 ارب روپے تک پہنچ گئے۔ ایکویٹی فنڈز جس میں کنوشنل اور اسلاک ایکویٹی شامل ہے نے اچھی خاصی کمی کا مظاہرہ کیا اور اثاثہ جات میں بالترتیب %11.6 اور %14.7 کی کمی کے ساتھ 123 ارب اور 83.9 ارب روپے پر بند ہوئے یہ کمی بنیادی طور پر مارکیٹ کی خراب کارکردگی کی طرف منسوب کی جاسکتی ہے (جب جنوری کے اثر کے باوجود 3QFY19 میں KSE-100 انڈیکس %4.5 بڑھا) جو غیر یقینی معاشی صورتحال کی وجہ سے جس نے سرمایہ کاروں کے جذبات کو بھی مجروح کیا اسی طرح فکسڈ انکم کنٹری (جو انکم، ایگری سو انکم اور منی مارکیٹ فنڈز پر مشتمل ہے) نے 3QFY19 میں %2.5 کی کمی ظاہر کی اور دسمبر 2018 میں 200 ارب روپے کے مقابلے میں مارچ 2019 میں 195 ارب روپے تک رہ گئے۔

آگاہی منجانب منتظمین کمپنی

اسے بی ایل انکم فنڈ (ABL-IF) کی انتظامی کمپنی ABL ایسٹ منیجمنٹ کمپنی لمیٹڈ کے بورڈ آف ڈائریکٹرز نے بی ایل انکم فنڈ جامع مالیاتی (غیر معامی) حسابات برائے ششماہی 31 مارچ 2019 پیش کرتے ہوئے خوشی محسوس کرتے ہیں۔

چائزہ برائے اقتصادی کارکردگی

ملک کے بڑے معاشی عوامل نے 9MFY19 کے دوران ایک مسابقتی ماحول پیدا کیے رکھا ملک کی معیشت موجودہ اکاؤنٹ کے بہت زیادہ خسارے، بڑھتے ہوئے مالی عدم توازن اور تیزی سے ختم ہوتے ہوئے زرہ مبادلہ کے ذخائر کی وجہ سے دباؤ میں رہی ان تمام عوامل نے PKR/USD کو % 16 کم کر دیا، % 6.78 YoY مہنگائی کردی اور 425 پوائنٹس پالیسی ریٹ میں اضافہ ہو گیا۔ اگرچہ ہم پر امید ہے کہ معاشی چیلنجز سے نمٹنے کے لیے خاطر خواہ رد و بدل کیا جا چکا ہے۔ جیسا کہ ملک نے بنیادی اصلاحات کے پروگرام کا آغاز کر دیا ہے بڑے عالمی معاہدات کے ساتھ جیسا کہ IMF جو درمیان میں ہے معیشت آگے بڑھنے کی طرف گامزن ہو چکی ہے۔ 8MFY19 میں ملک کا موجودہ اکاؤنٹ کا خسارہ (CAD) % 23 YoY کے اضافہ کے ساتھ USD 8.84 ارب ڈالر تک پہنچ گیا % 8 YoY کے کم تجارتی خسارہ کی وجہ سے سامان تجارت اور خدمات میں ترقی دیکھی گئی اگرچہ 8MFY19 میں برآمدات USD 19.45 ارب تک رہیں اور خدمات اور سامان تجارت کی درآمدات میں کمی (% 4.58 YoY) اور بیرون ملک کارکنوں کی ترسیلات میں تیزی سے موجودہ اکاؤنٹ کے خسارے کو (CAD) کو کنٹرول کرنے میں معاونت کی اس کی وجہ سے بیرونی اکاؤنٹ پر اور زر مبادلہ کی ذخائر دباؤ کم ہوا۔ 29 مارچ 2019 تک ملک کے زر مبادلہ کے ذخائر US 17.4 ارب ڈالر ہو گئے۔ مارچ 2019 کے آخر میں چائزہ سے قرضہ ملنے والی رقم کی وجہ سے یہ ذخائر US 2.1 ارب ڈالر تک اور بڑھ گئے۔

ملک میں مارچ 2019 میں پانچ سال کی سب سے زیادہ مہنگائی رہی جو کہ % 9.41 تھی پچھلے سال اسی مدت میں % 3.25 تھی۔ مہنگائی میں یہ اضافہ قابل استعمال غذائی آئٹمز اور ناقابل غذائی آئٹمز کی طرف منسوب کیا جا سکتا ہے۔ جس (کنزیومر پرائز انڈیکس) میں % 2.97 کا حصہ ڈالا ہے اس کے بعد ٹرانسپورٹ (% 0.80 کا حصہ) حاد سگ، پانی، بجلی، گیس اور پیٹرول (% 3.31 کا حصہ) 9MFY19 میں اوسط CPI % 6.78 YoY تک آ گیا جبکہ پچھلے سال اسی مدت کے دوران % 3.78 YoY تک تھا۔ اسٹیٹ بینک نے 9MFY19 کے دوران مہنگائی کو نیچے لانے کیلئے پالیسی ریٹ میں % 4.25 تک اضافہ کر دیا۔ دوسری طرف بڑھتی ہوئی شرح سود نے ملک کی GDP کی نمو کو جامد کر دیا عالمی ادارے جیسے کہ ورلڈ بینک IMF اور موڈی نے GDP کی نمو کو FY19 کیلئے % 4 سے بھی نیچے شمار کیا یہ سست روی بالکل درست ہے اس لیے کہ اسٹیٹ بینک کے فراہم کردہ اعداد و شمار کے مطابق 7MF19 کی مدت کے دوران بڑی صنعتیں % 2.30 YoY تک گھٹ گئیں۔

مالیاتی مجوزہ پر FY19 کے دوران ملک میں ایک بڑے مالی خسارے آنے کی امید ہے اگرچہ حکومت پاکستان مالی خسارہ کم کرنے کے لیے سخت اقدامات کر رہی ہے جو محصولات کے حدف کی وصولی میں ناکامی نے مشکل بنا دیا ہے مارچ 2019 میں محصولات کی وصولی % 5.14 YoY کی کمی کے ساتھ 351 ارب روپے ہوئی مارچ 2019 میں 357 ارب روپے تھیں کی وصولی پہنچ گئی % 5.14 YoY کم جبکہ محصولات کی وصولی کا حدف 432 ارب روپے تھا مجموعی طور پر 9MFY19 میں ٹیکس کی وصولی 2681 ارب روپے تک ہو گئی جبکہ وصولی کا حدف 2998 ارب روپے تھا جو کہ 317 ارب روپے کے شارٹ فال کی عکاسی کرتا ہے یاد رہے کہ FY19 مالی سال کیلئے ٹیکس کی وصولی کا حدف 4398 ارب روپے تھا۔ بہرونی اکاؤنٹ ڈیبٹ سروس کی بہت زیادہ قیمت، ہماری مالی خسارے، انتہائی مہنگائی اور کم GDP نمو کی وجہ سے پاکستانی روپیہ امریکن ڈالر کے مقابلے میں گر گیا روپے کی قدر میں 9MFY19 میں % 16 کی کمی واقع ہوئی ہے جبکہ % 22 YoY کے مقابلے میں جو کہ گزشتہ سال اسی مدت میں 140.78 روپے پر تھا۔
